

sd Cadastrar Participante - E-mail institucional

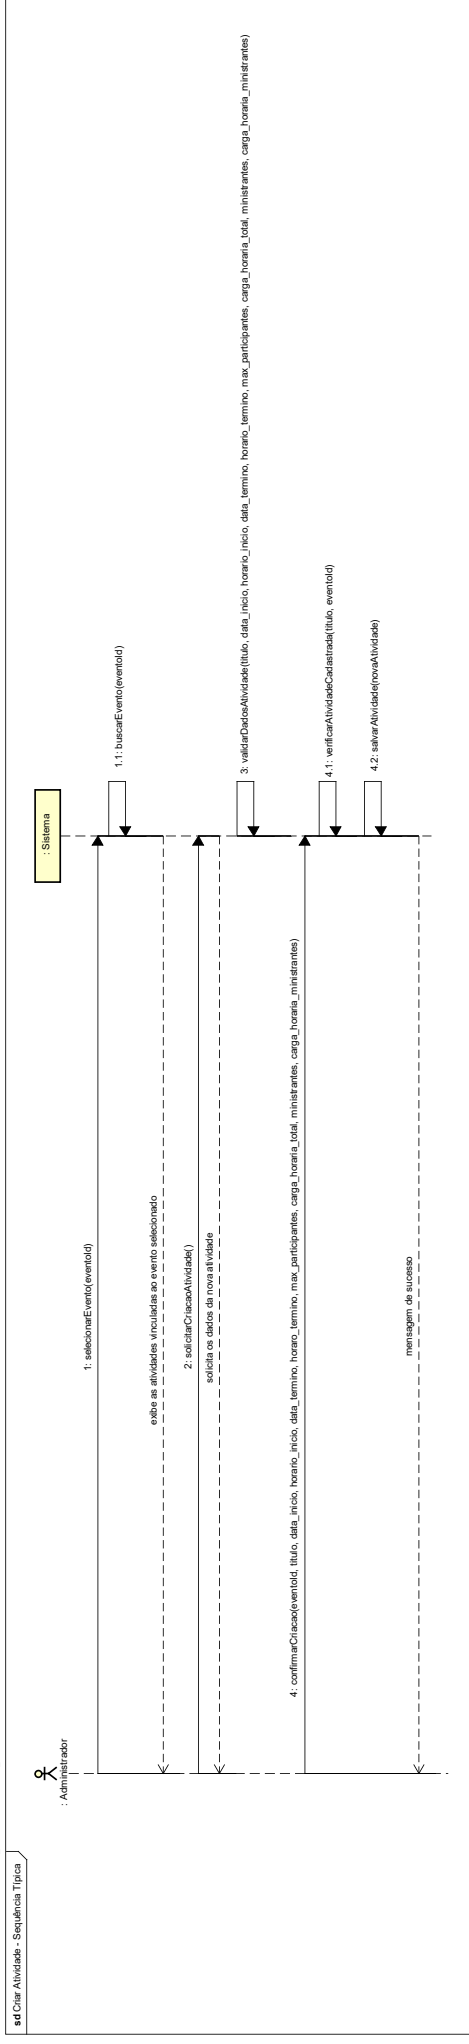

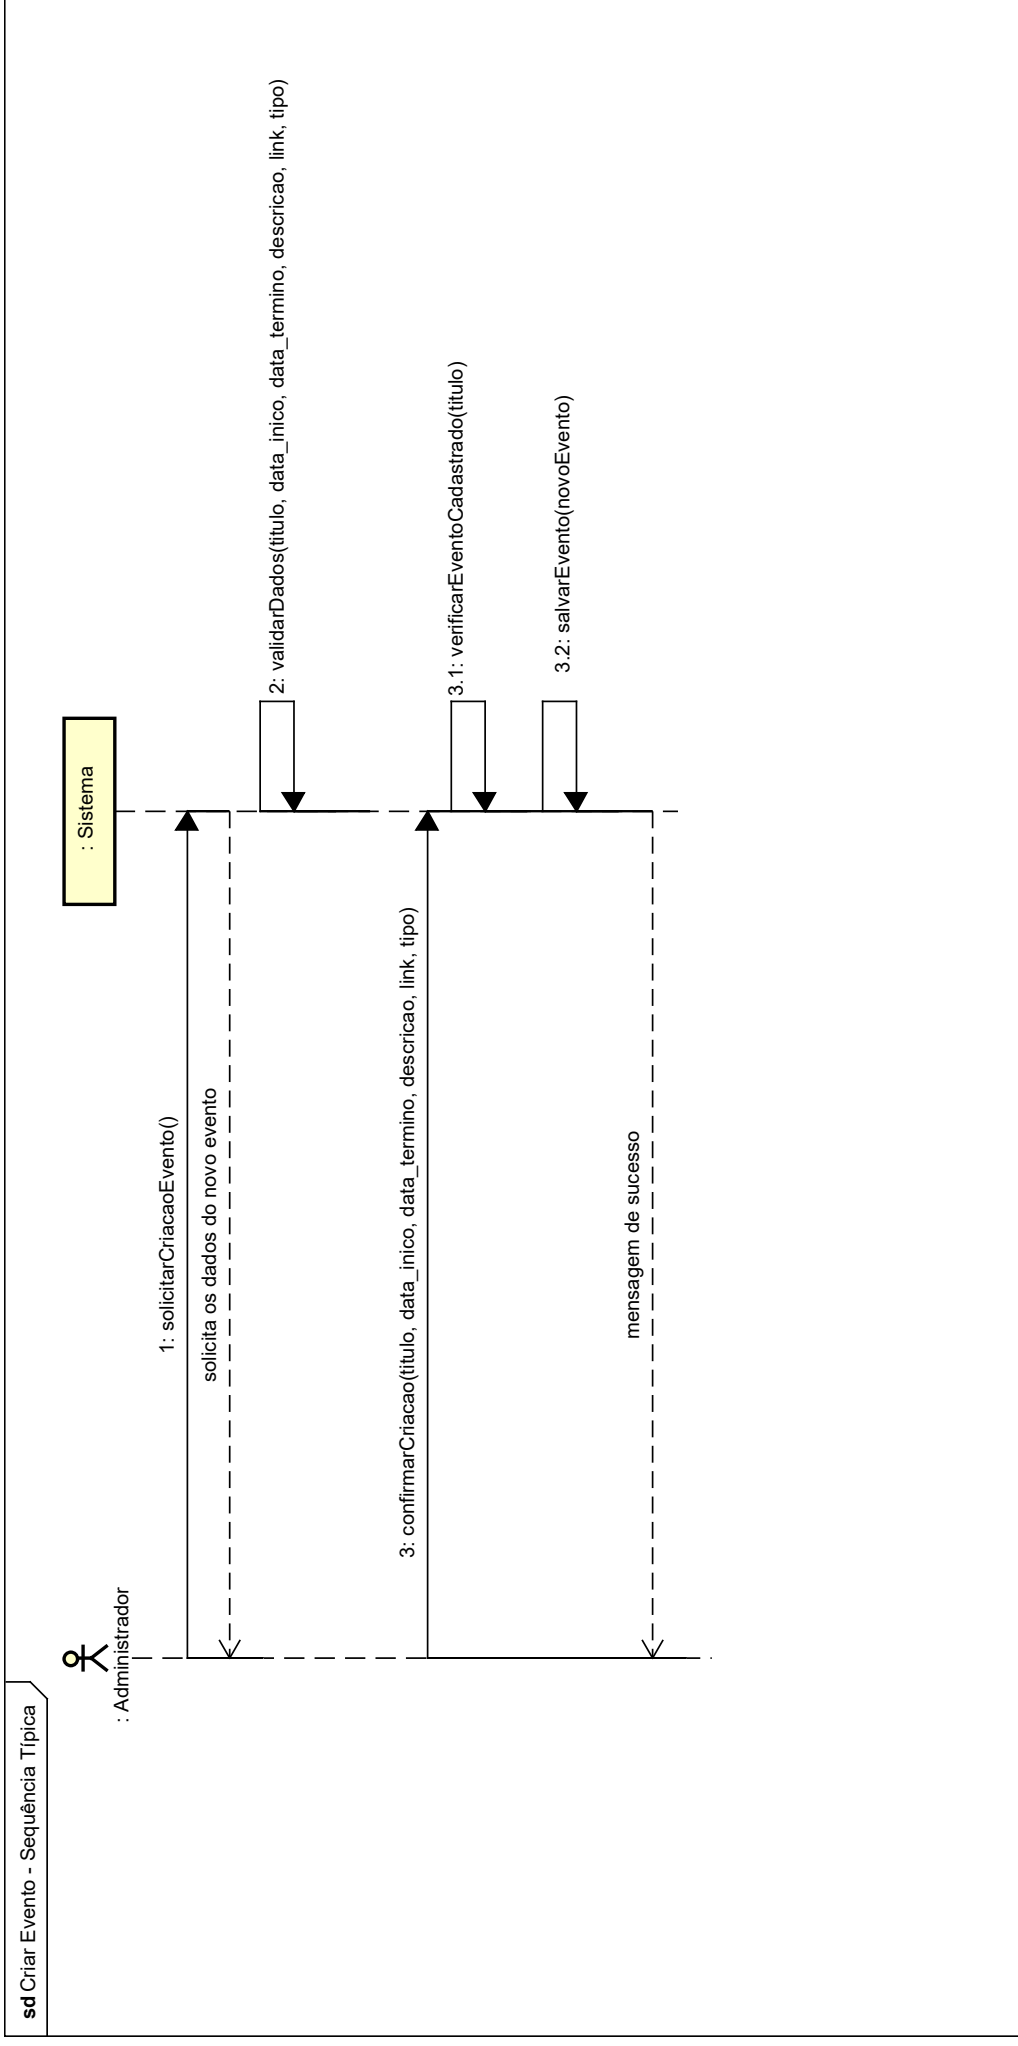

Observação: a mensagem "solicitaRa()" representa uma resposta do sistema ao ator. Entretanto, a seta tracejada, normalmente utilizada para indicar mensagens de retorno, não foi utilizada devido a limitações da ferramenta Astah na modelagem desse tipo de interação no diagrama de sequência.

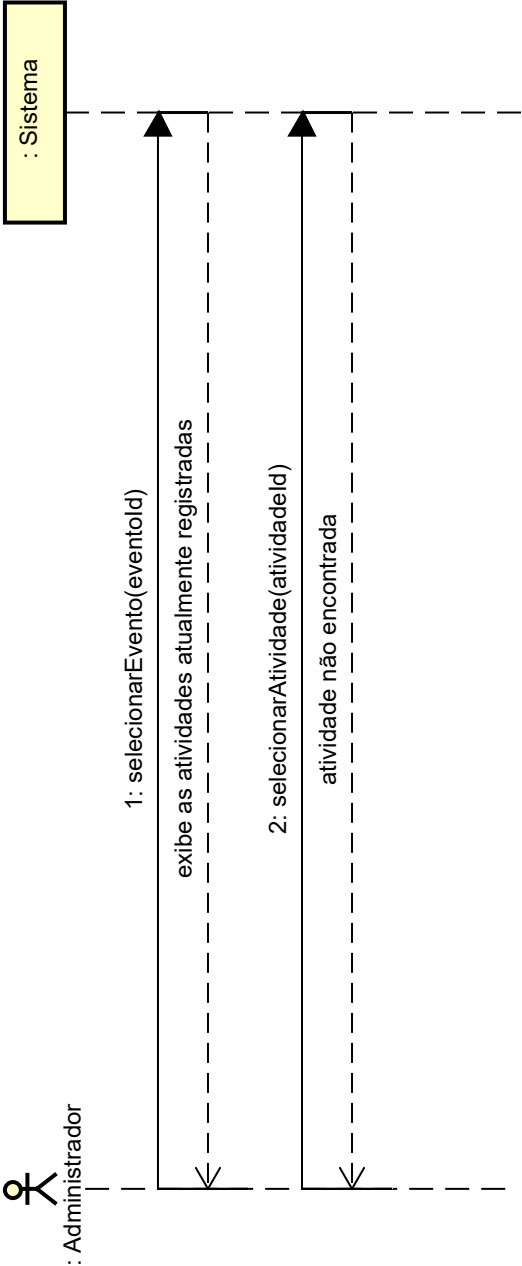

sd Consultar Evento - Sequência Típica

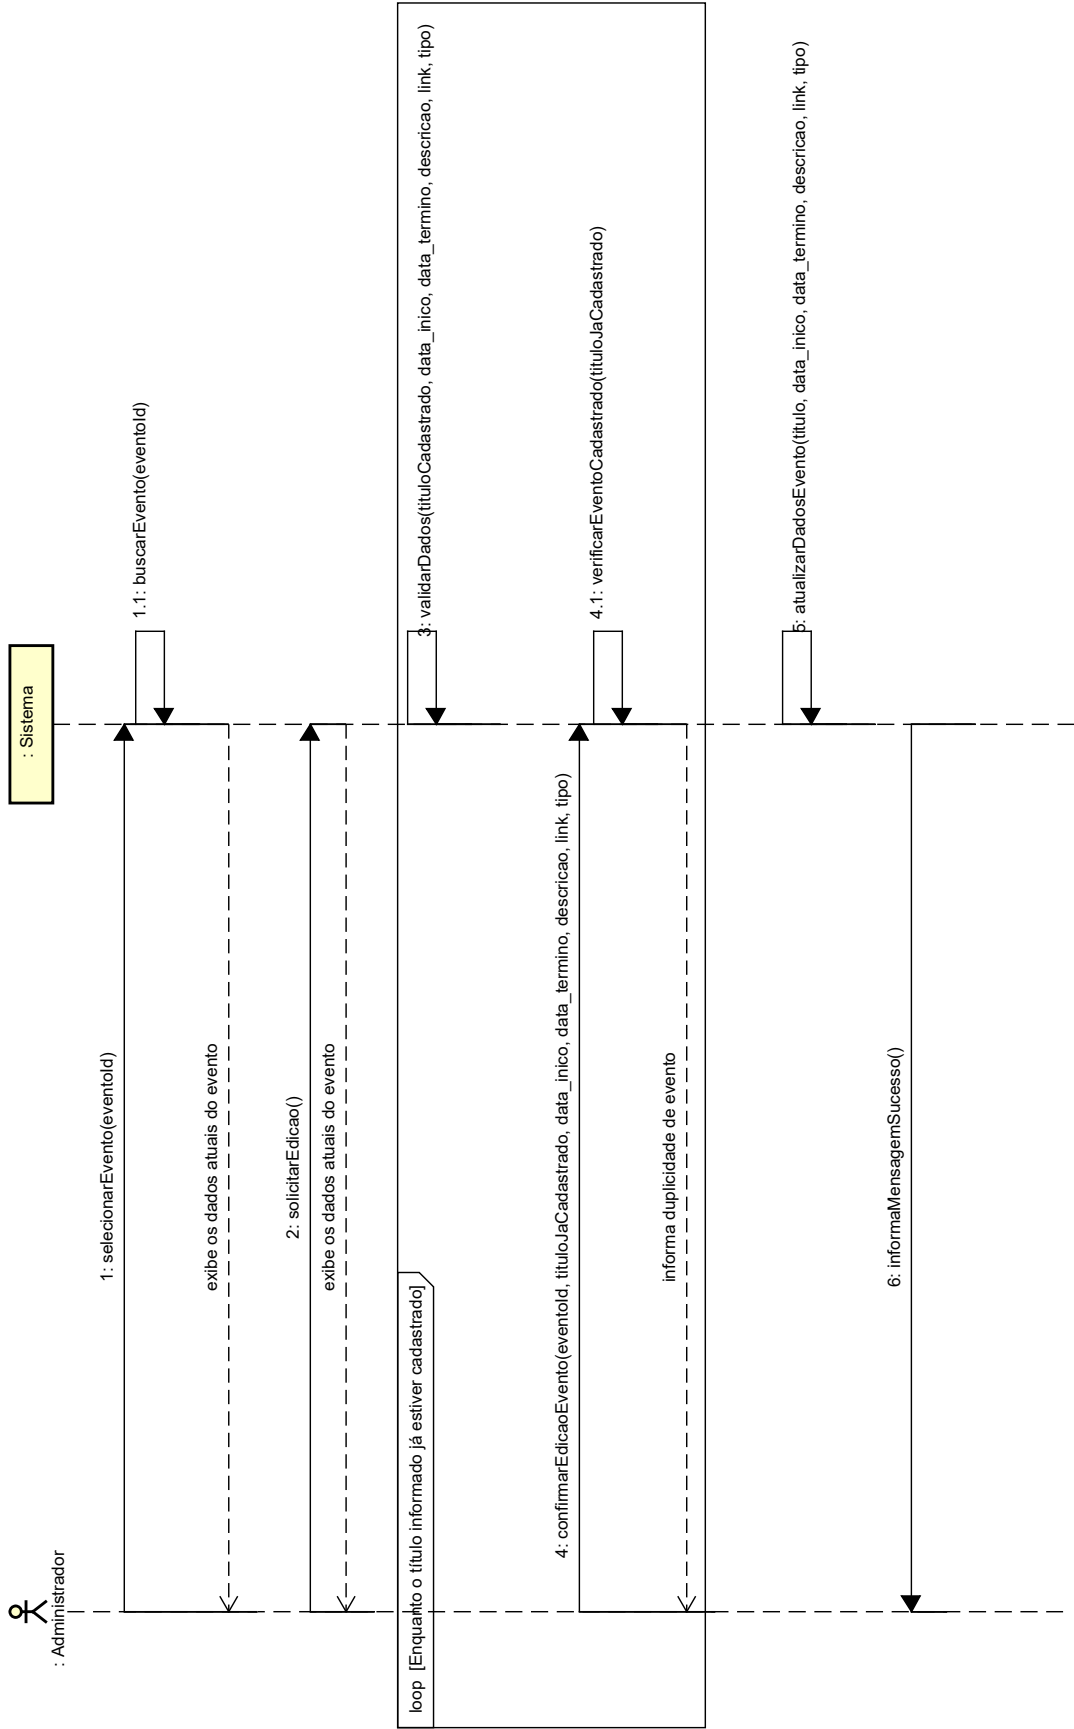

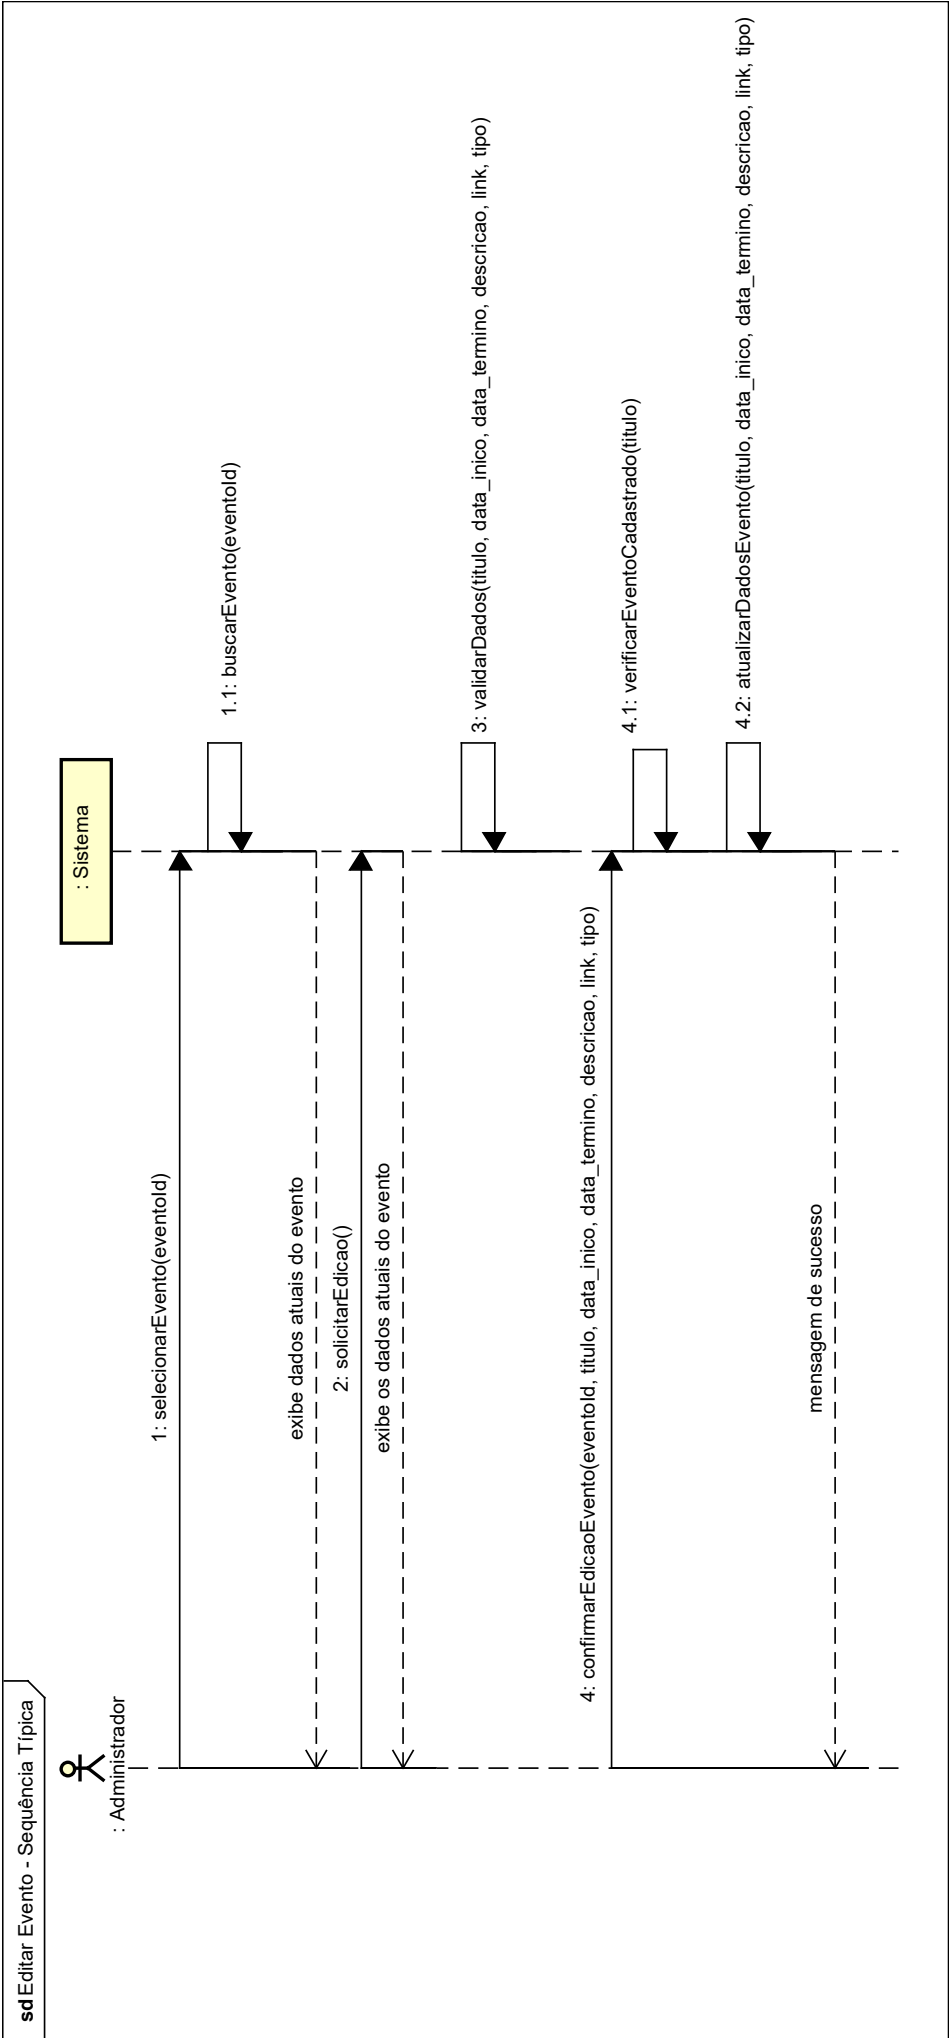

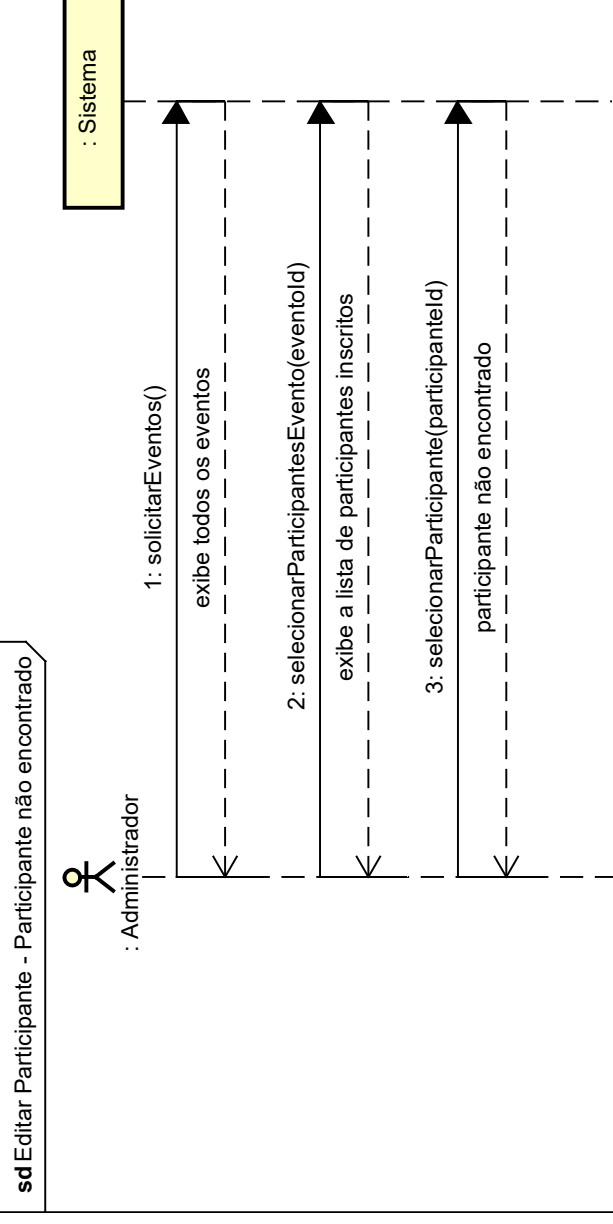

sd Editar Atividade - Atividade não encontrada

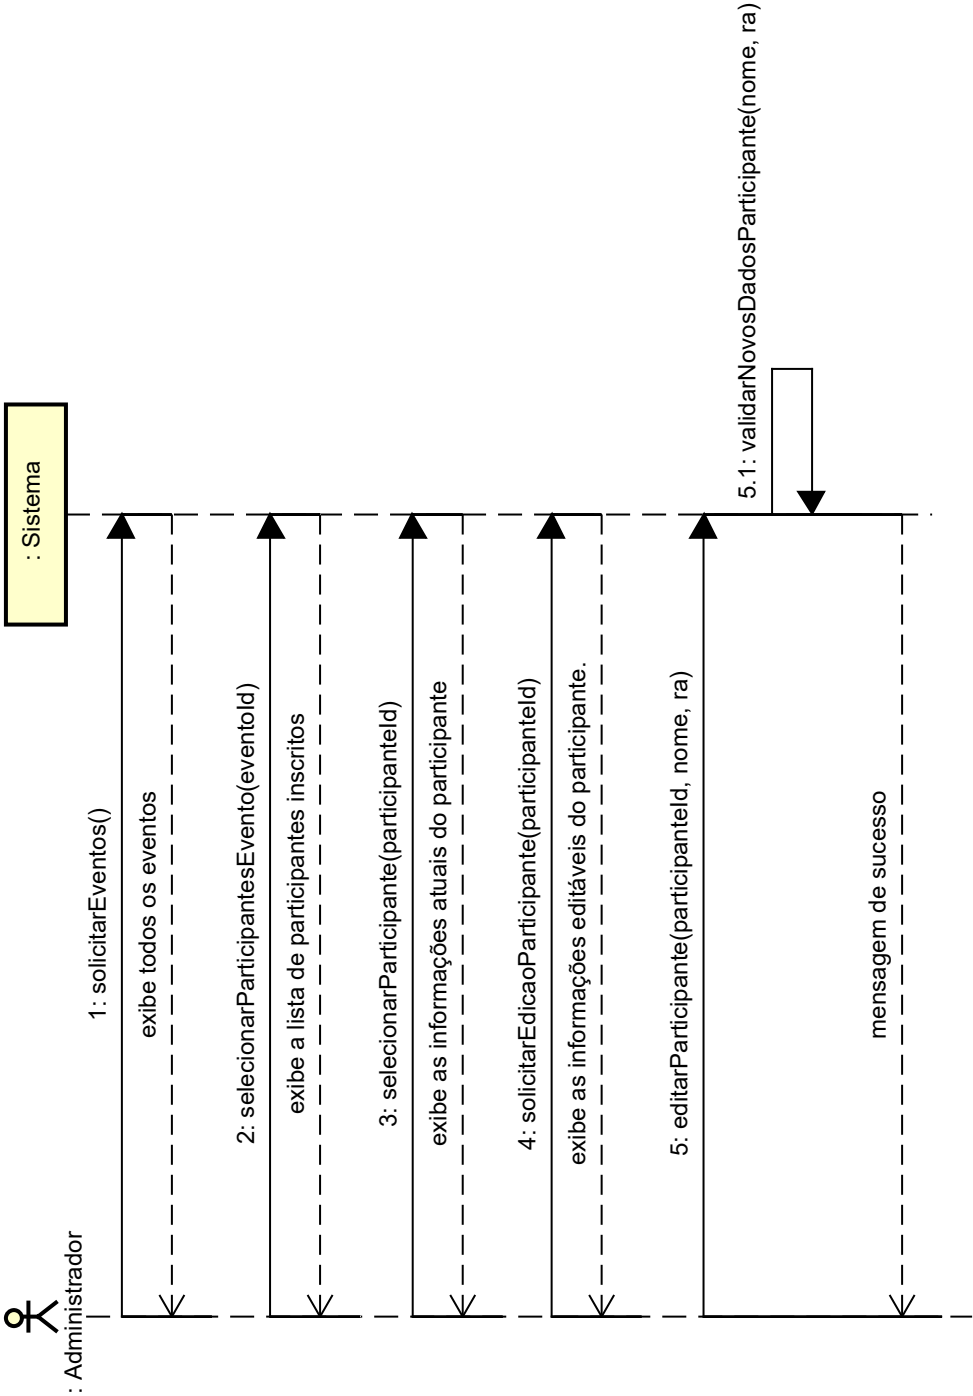

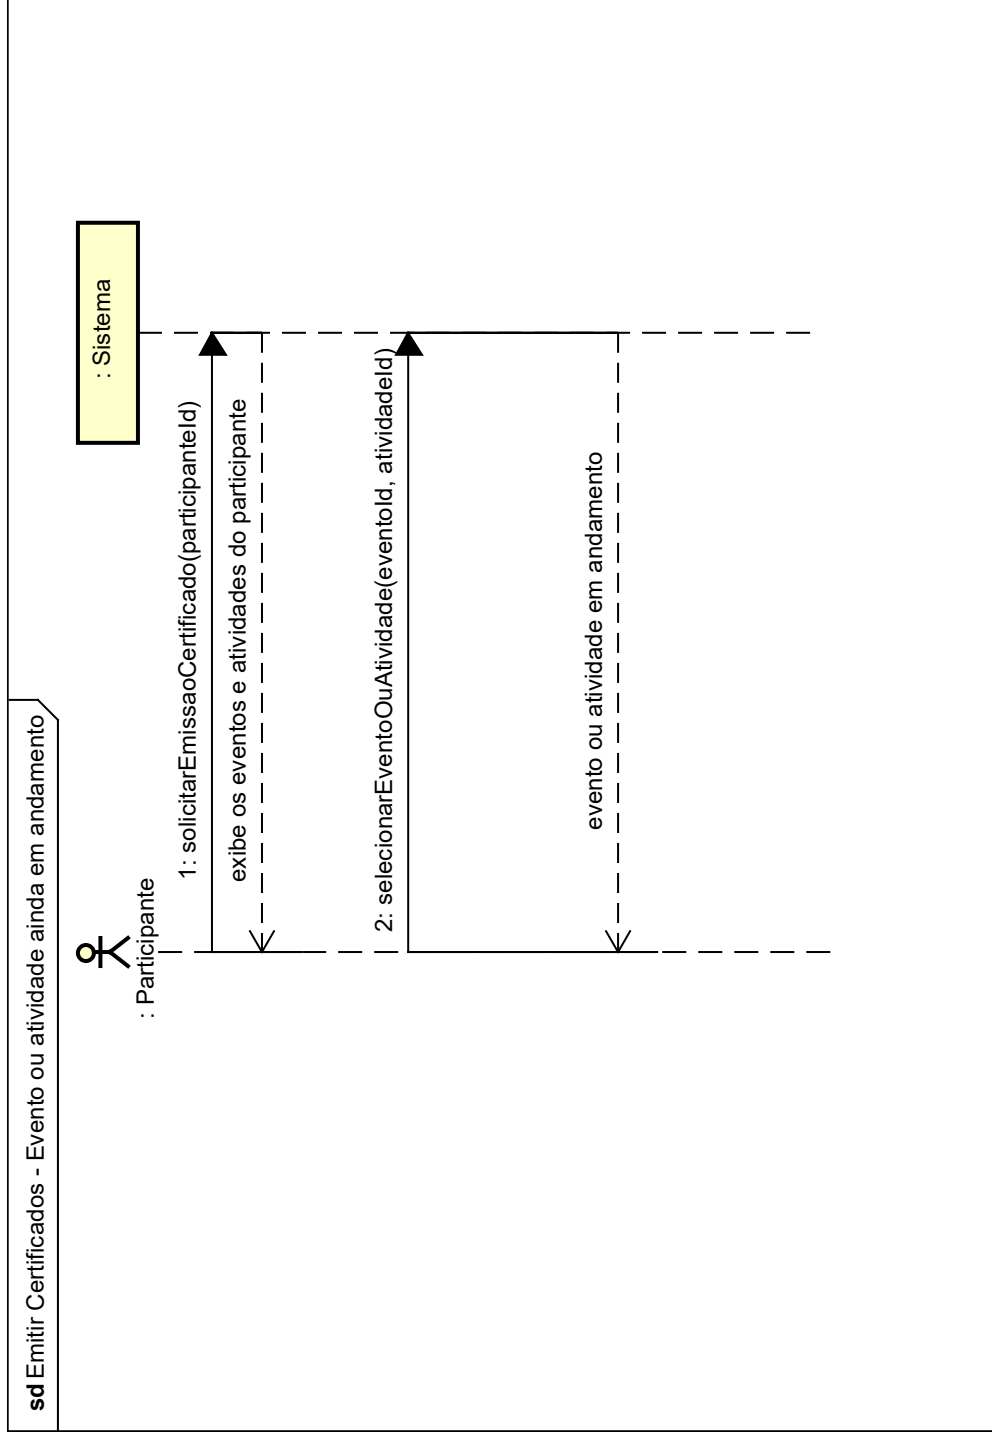

Observação: a mensagem "informarMensagemSucesso()" representa uma resposta do sistema ao ator. Entretanto, a seta tracejada, normalmente utilizada para indicar mensagens de retorno, não foi utilizada devido a limitações da ferramenta Astah na modelagem desse tipo de interação no diagrama de sequência.

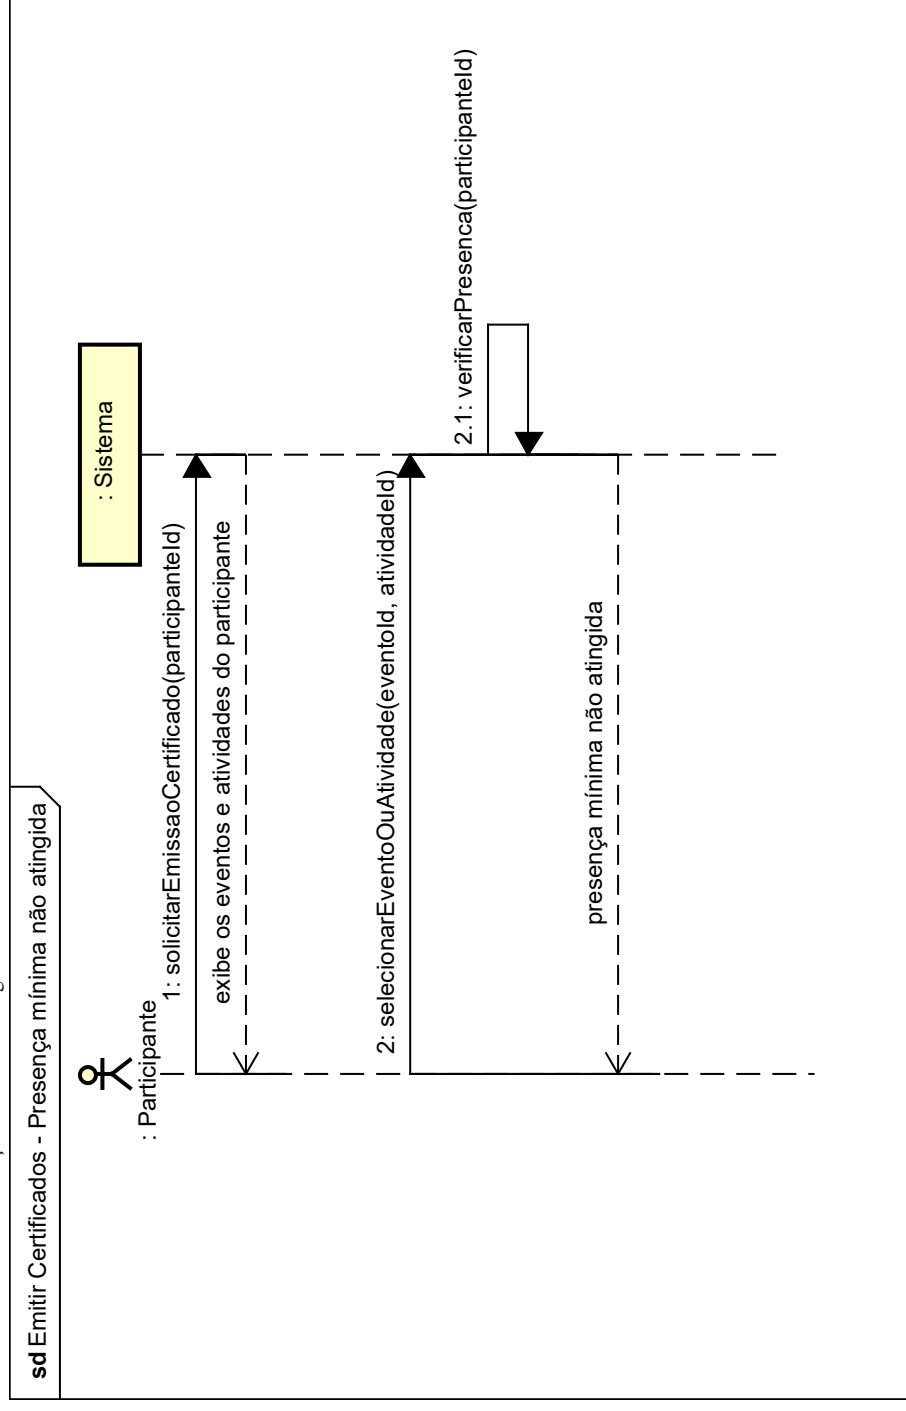

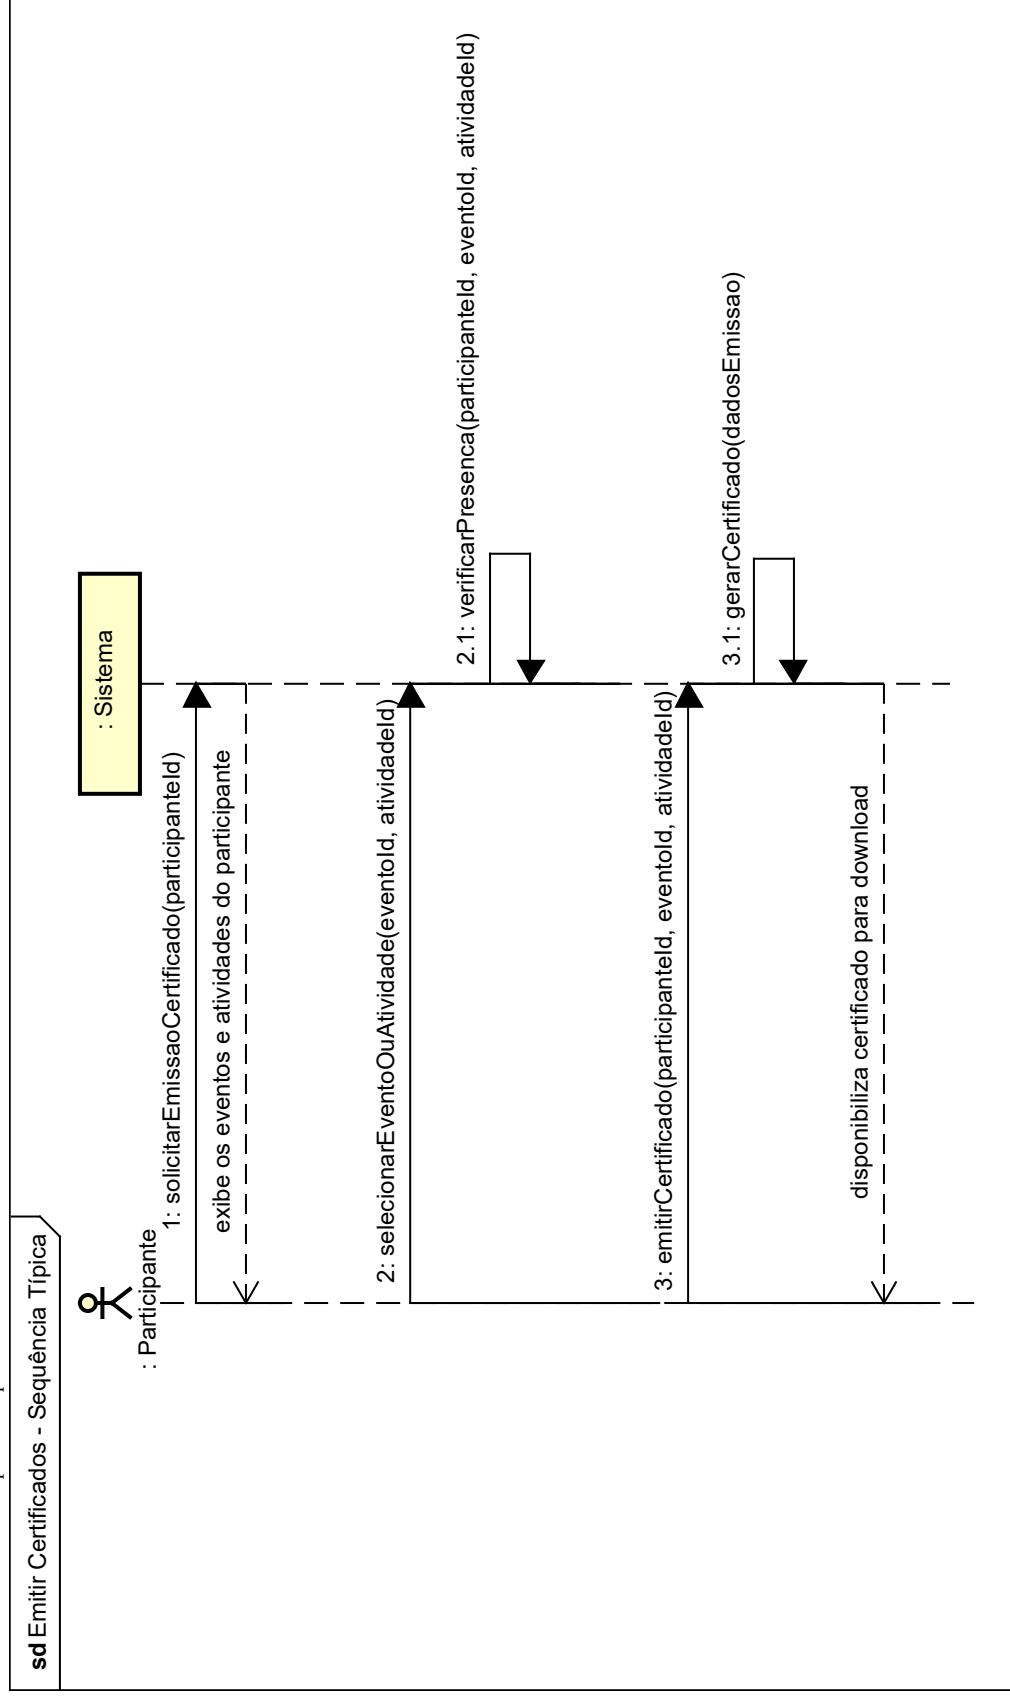

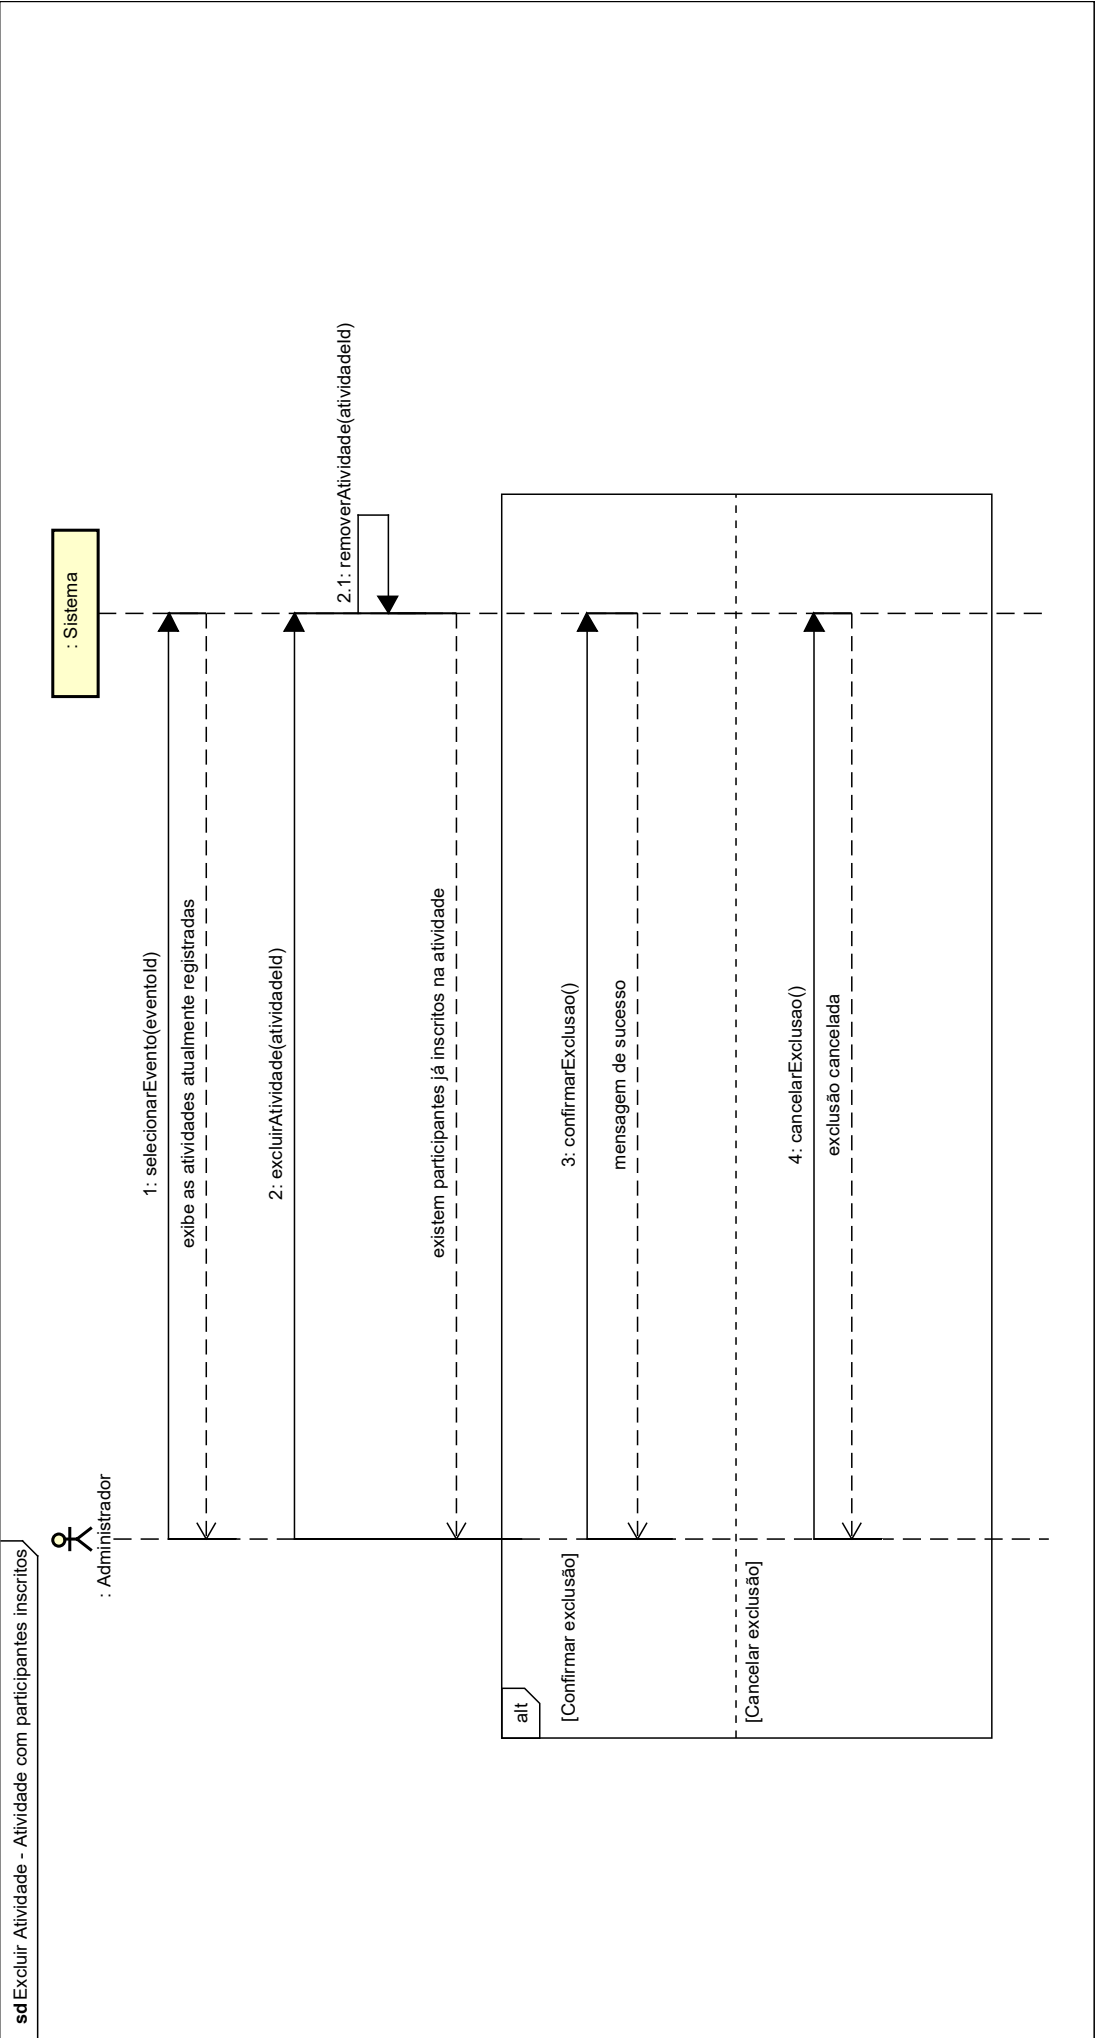

sd Editar Participante - Sequência Típica

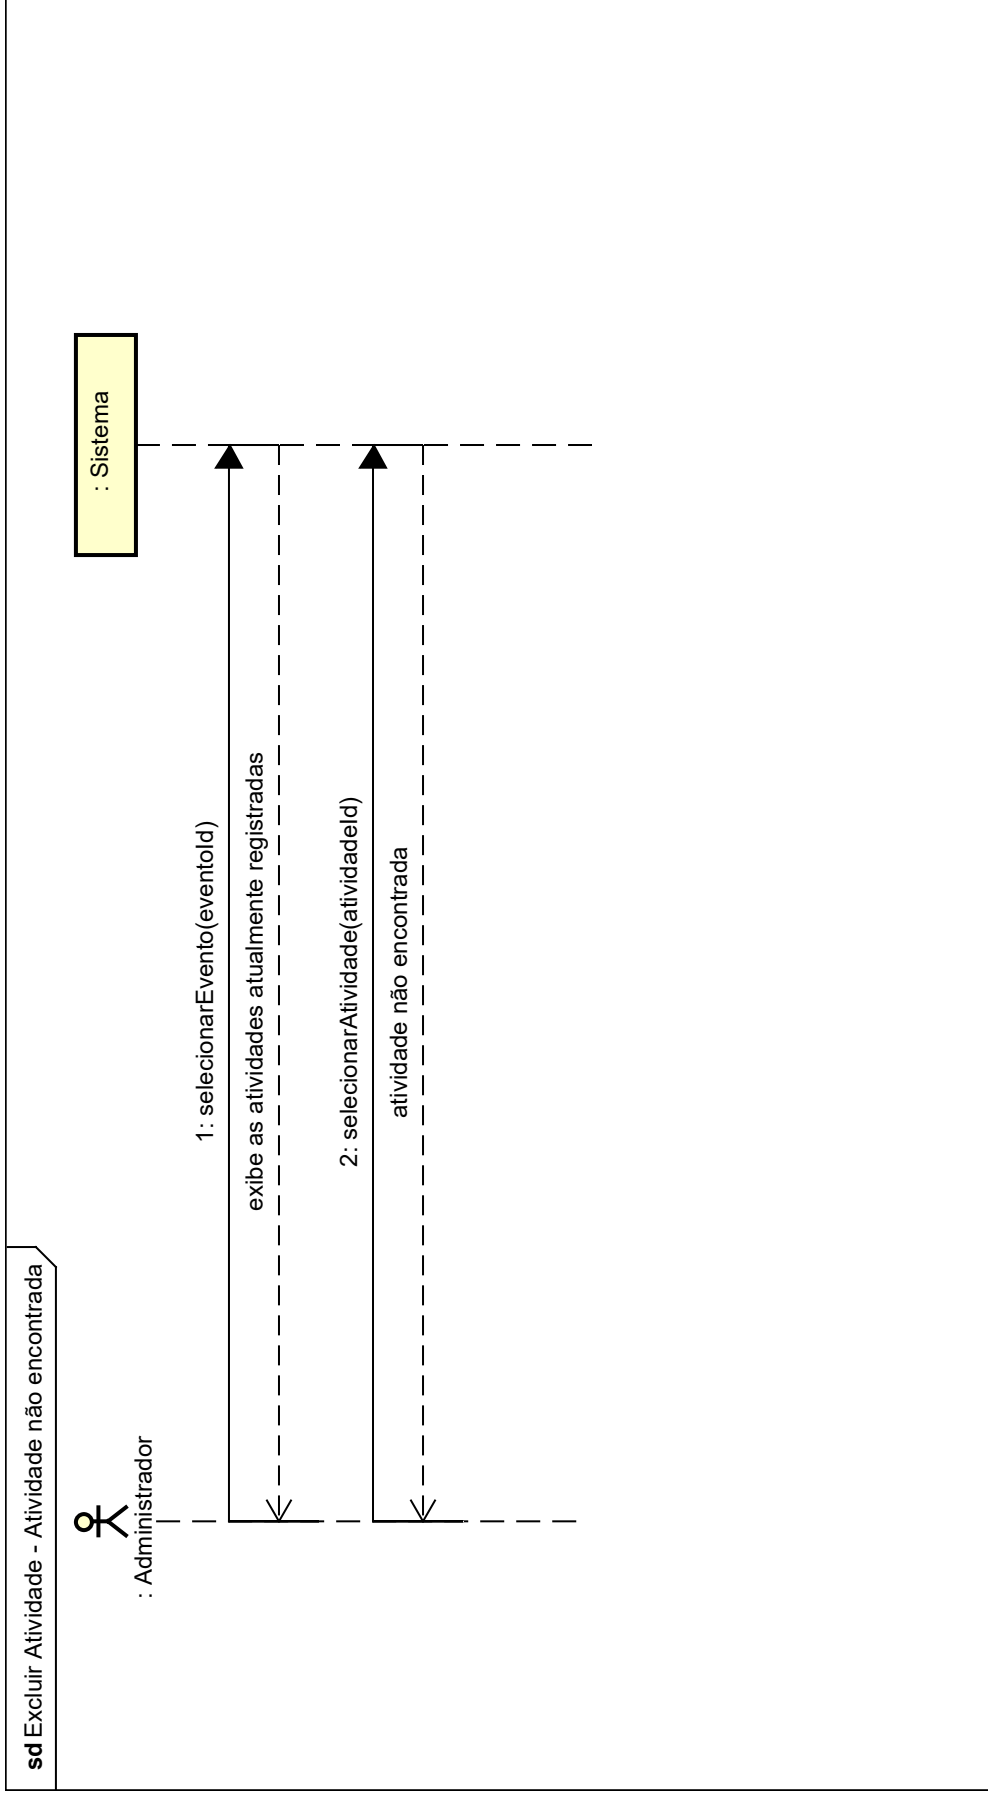

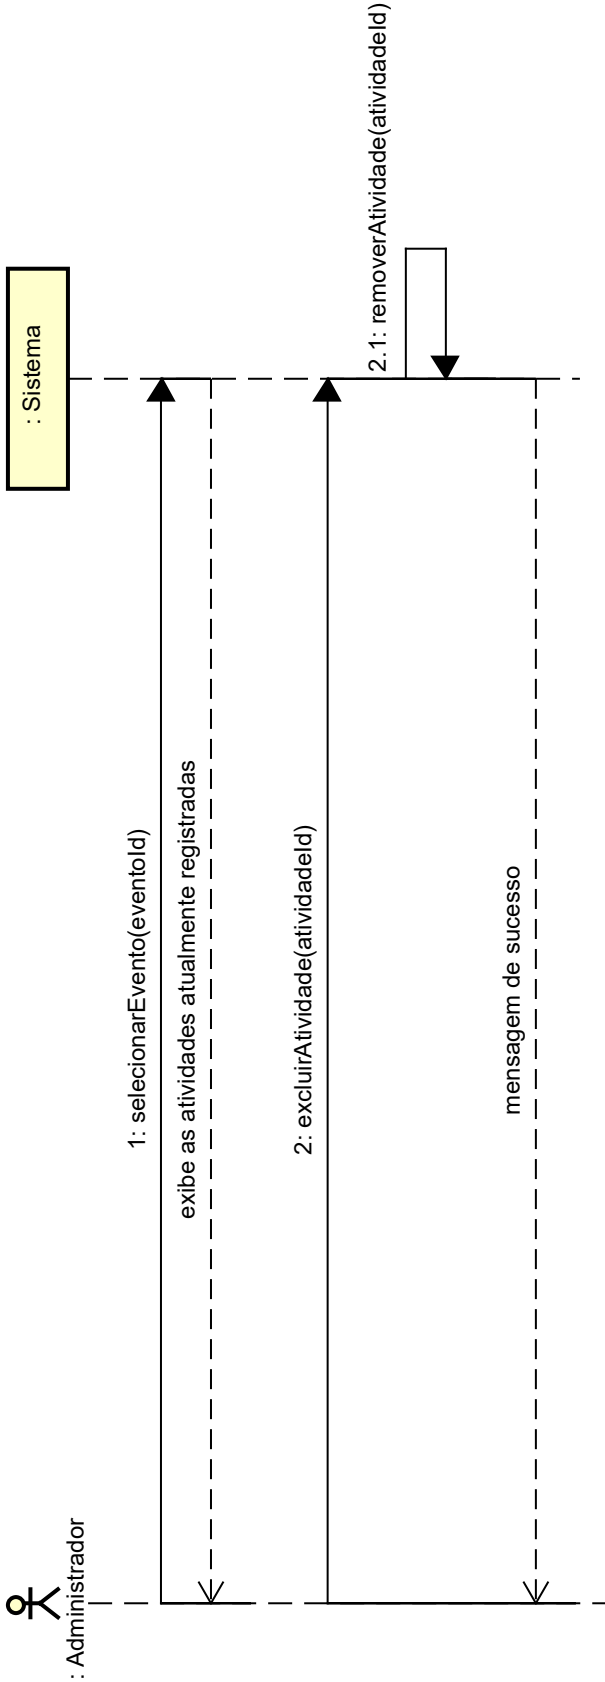

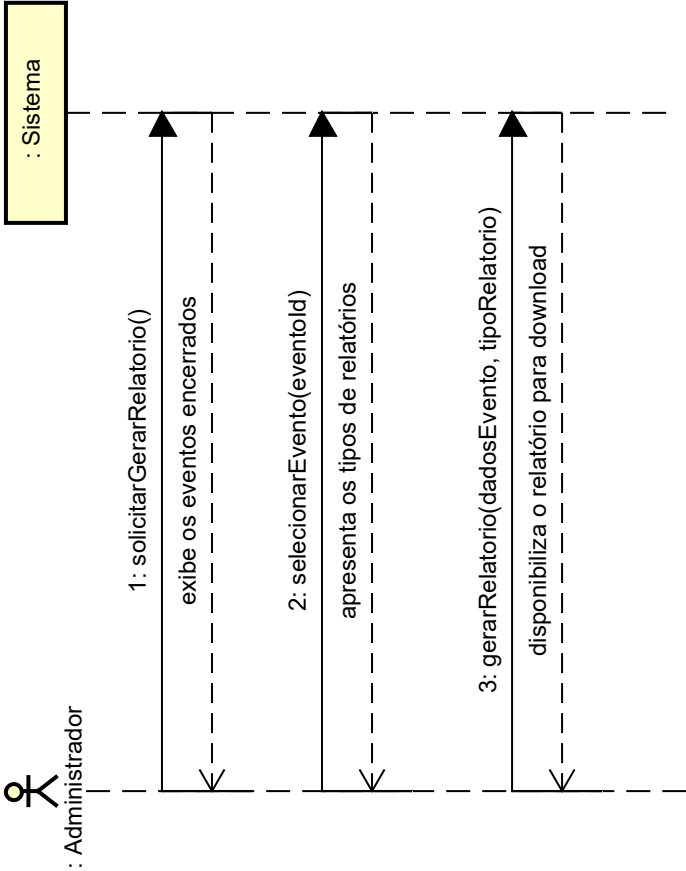

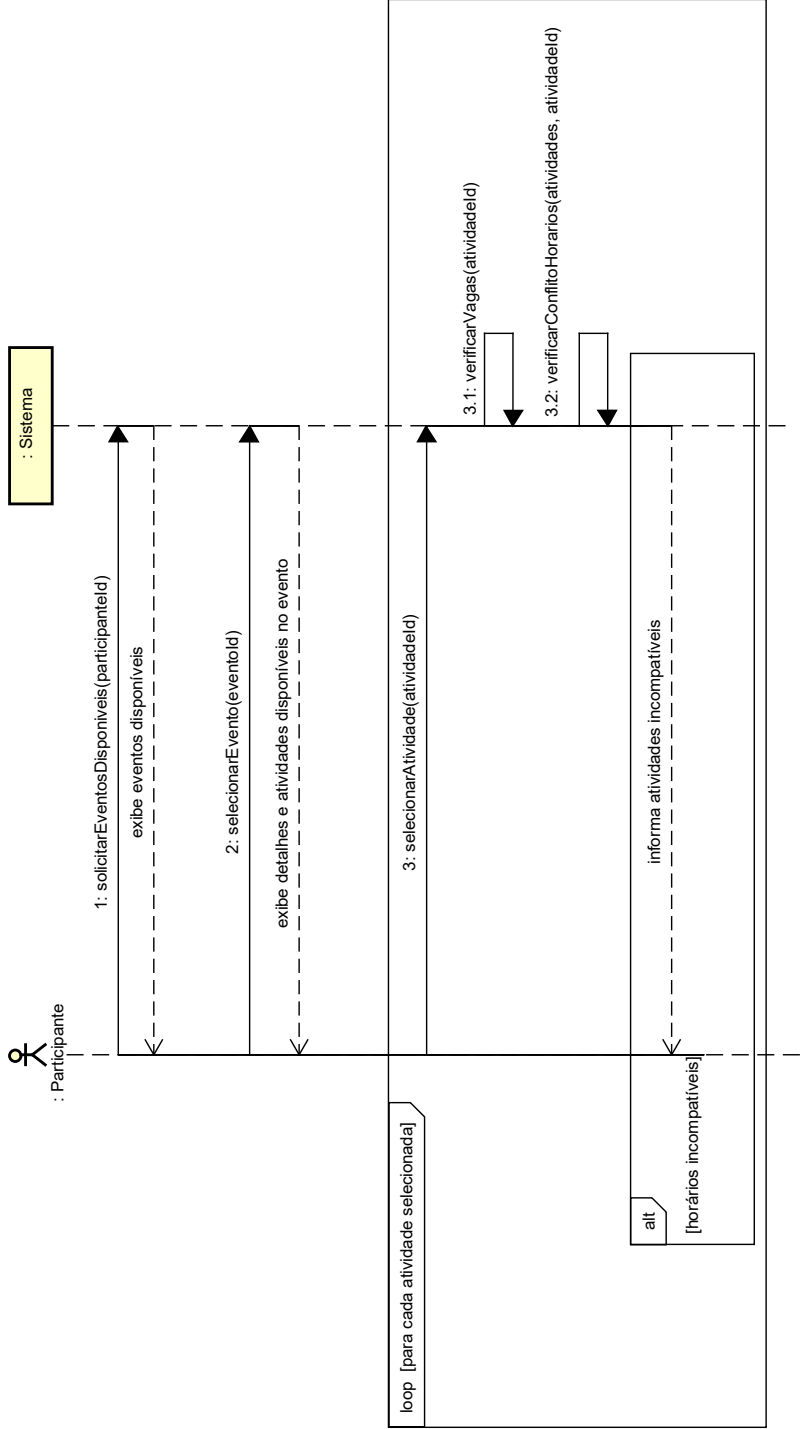

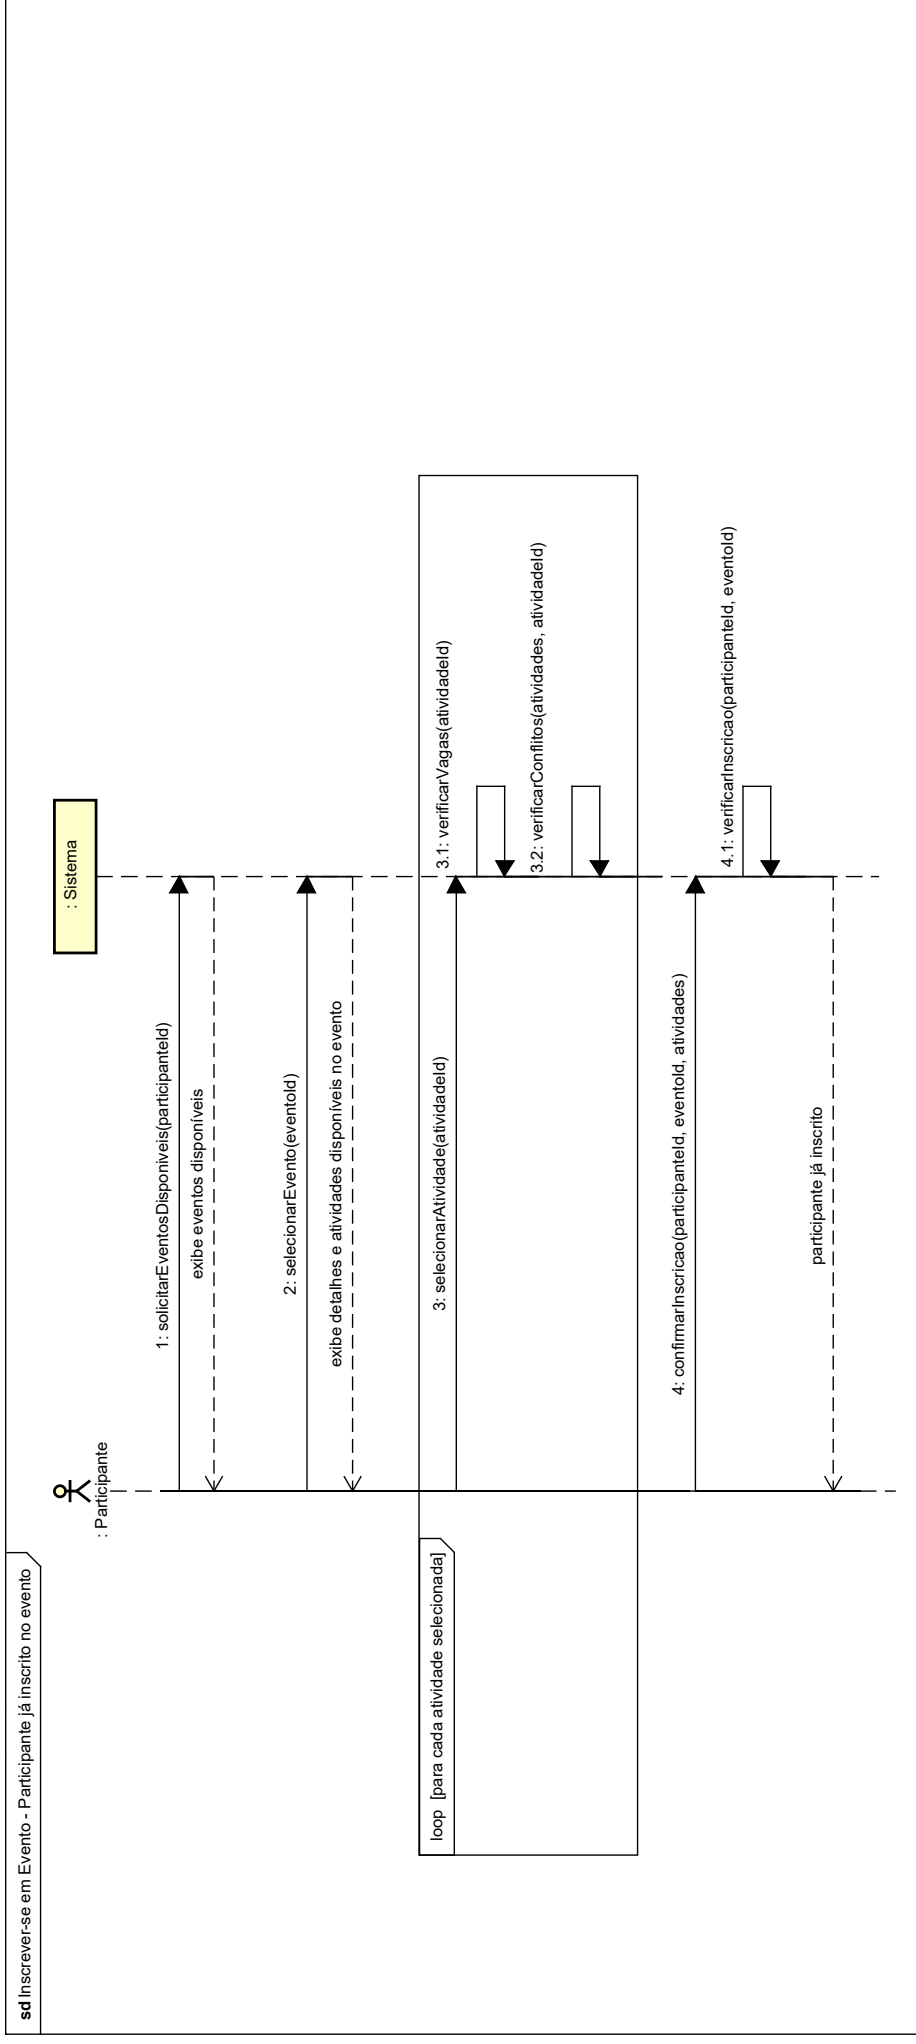

sd Excluir Atividade - Sequência Típica

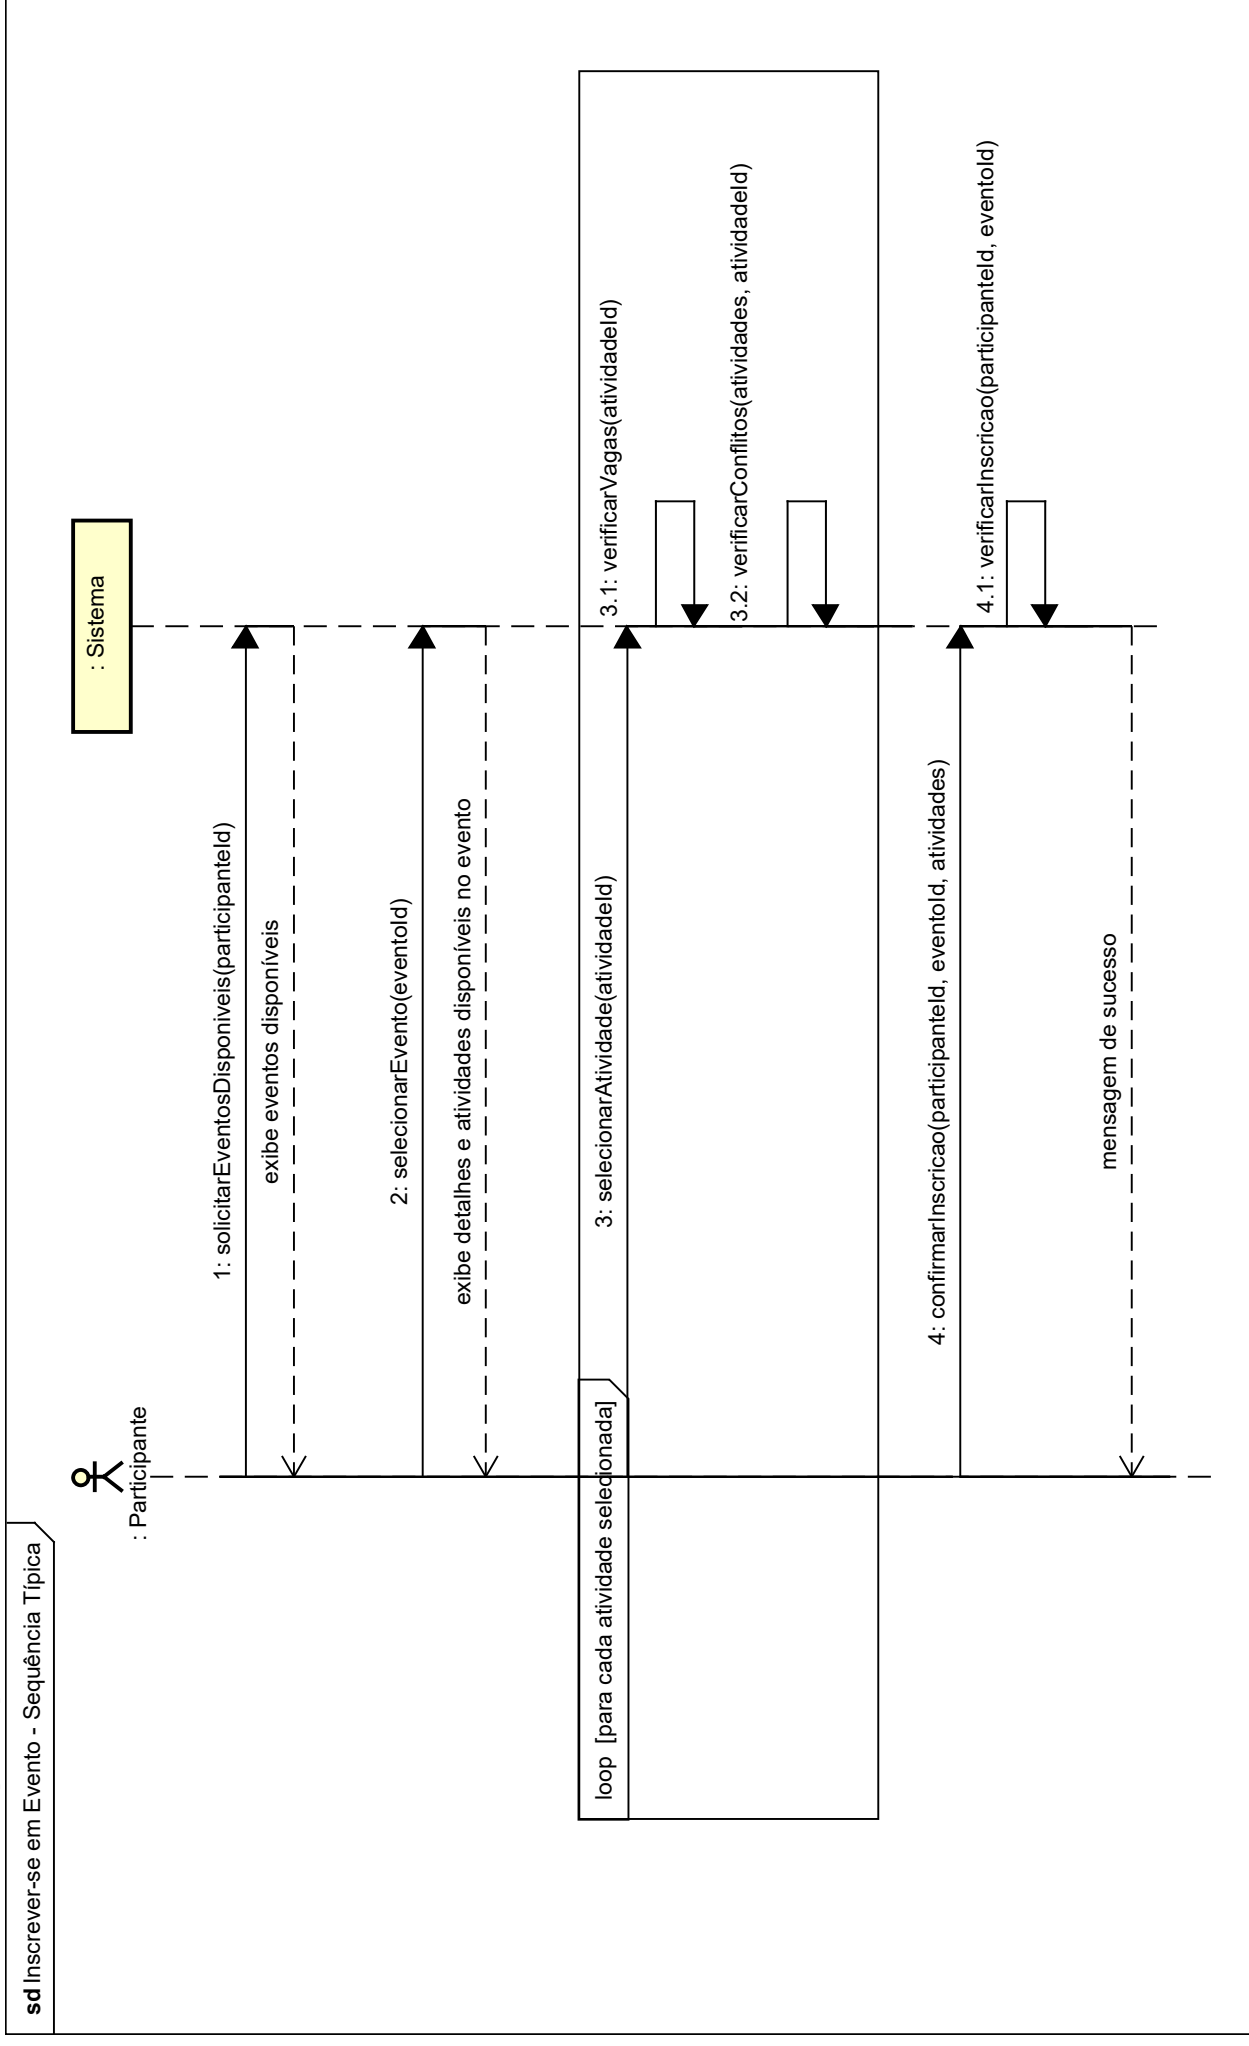

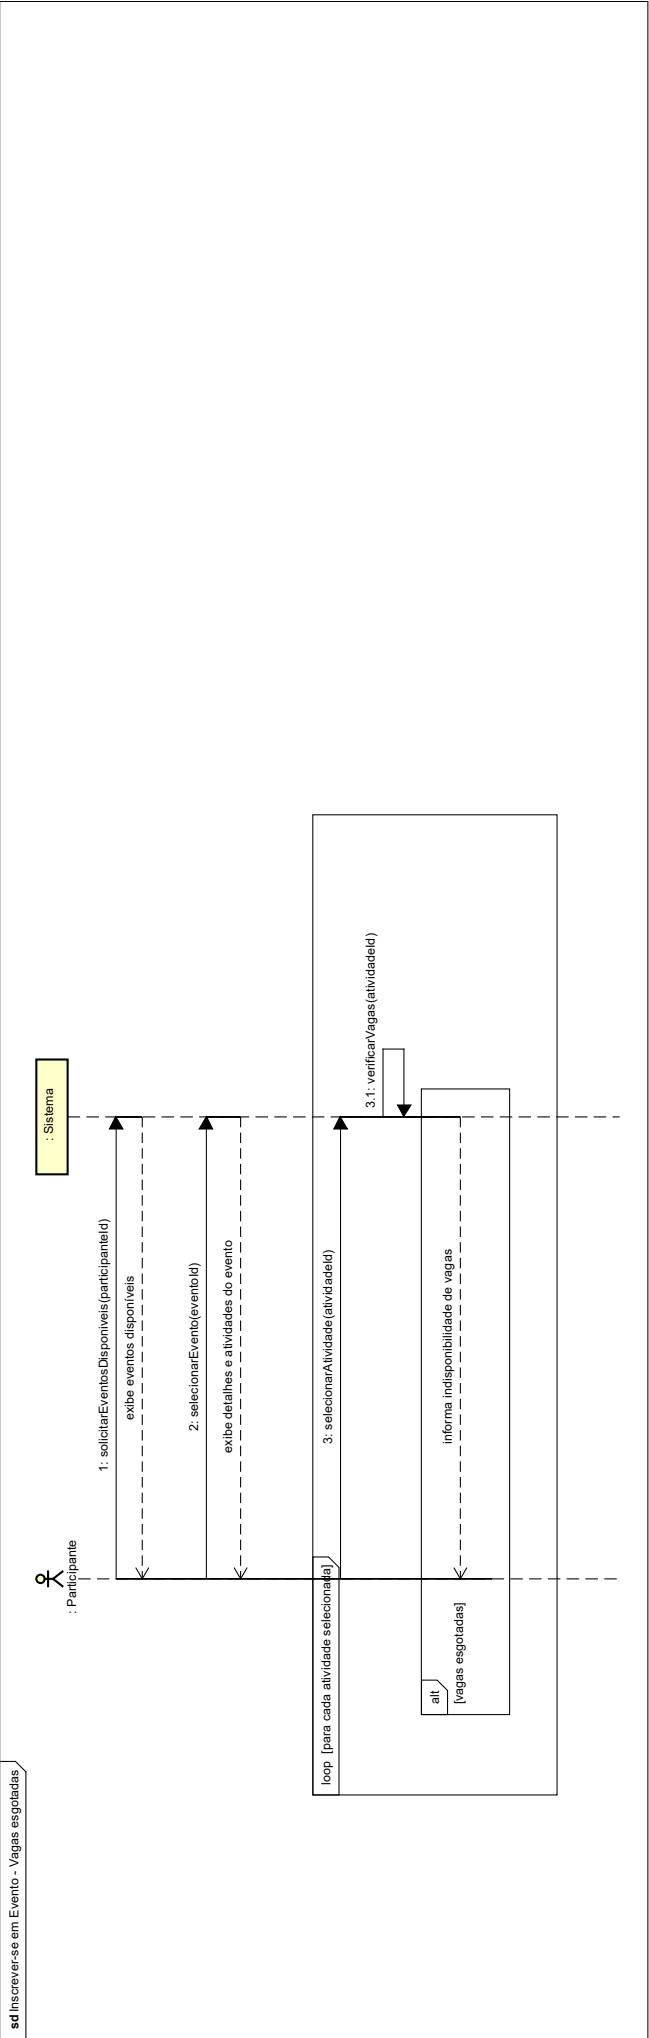

sd Gerar Relatório - Sequência Típica

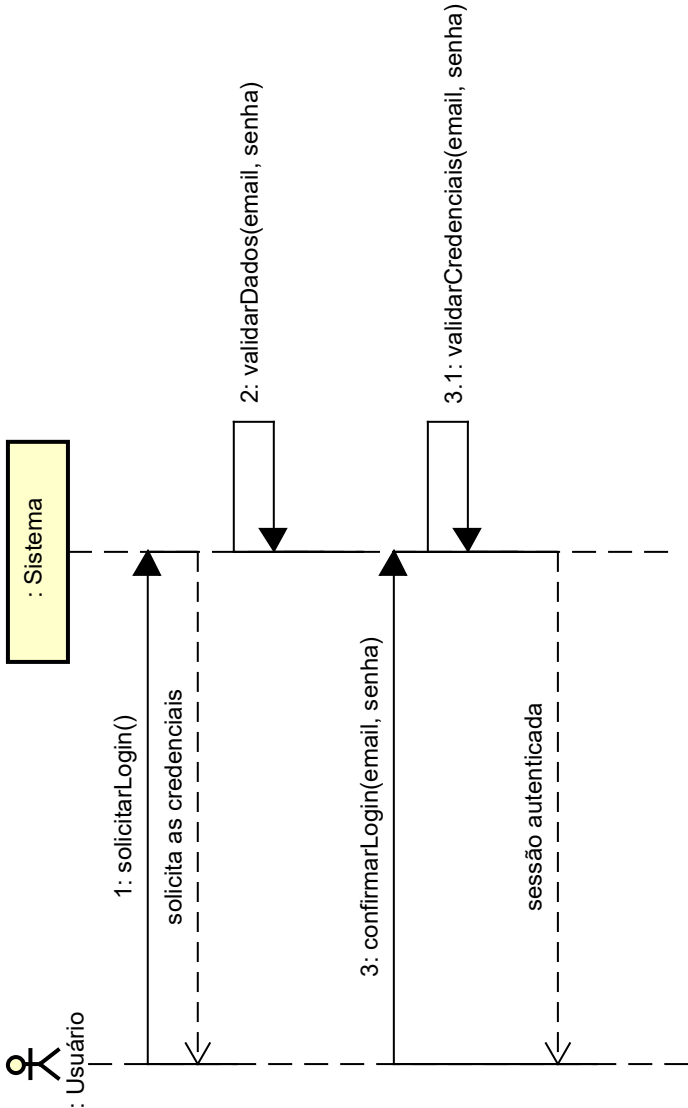

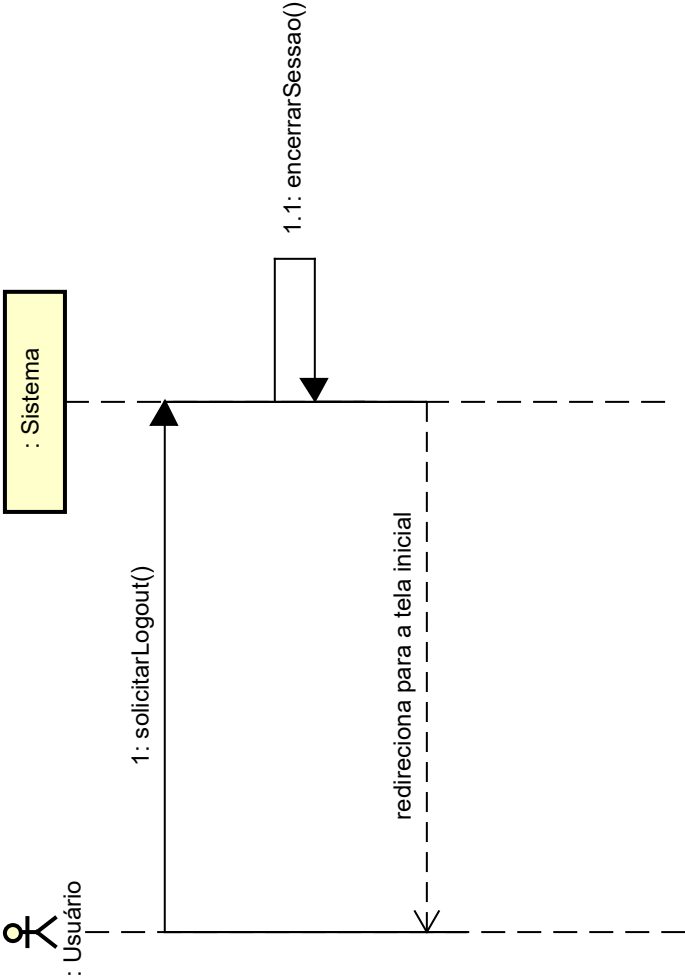

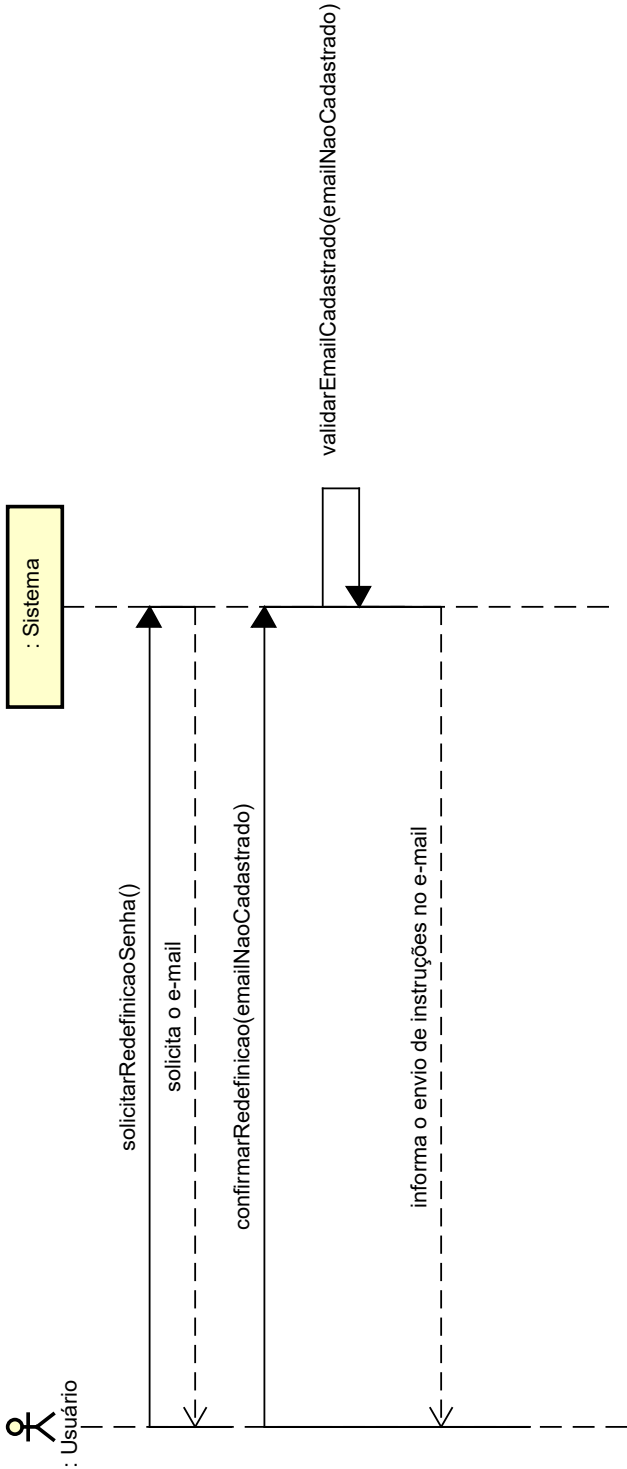

sd Realizar Login

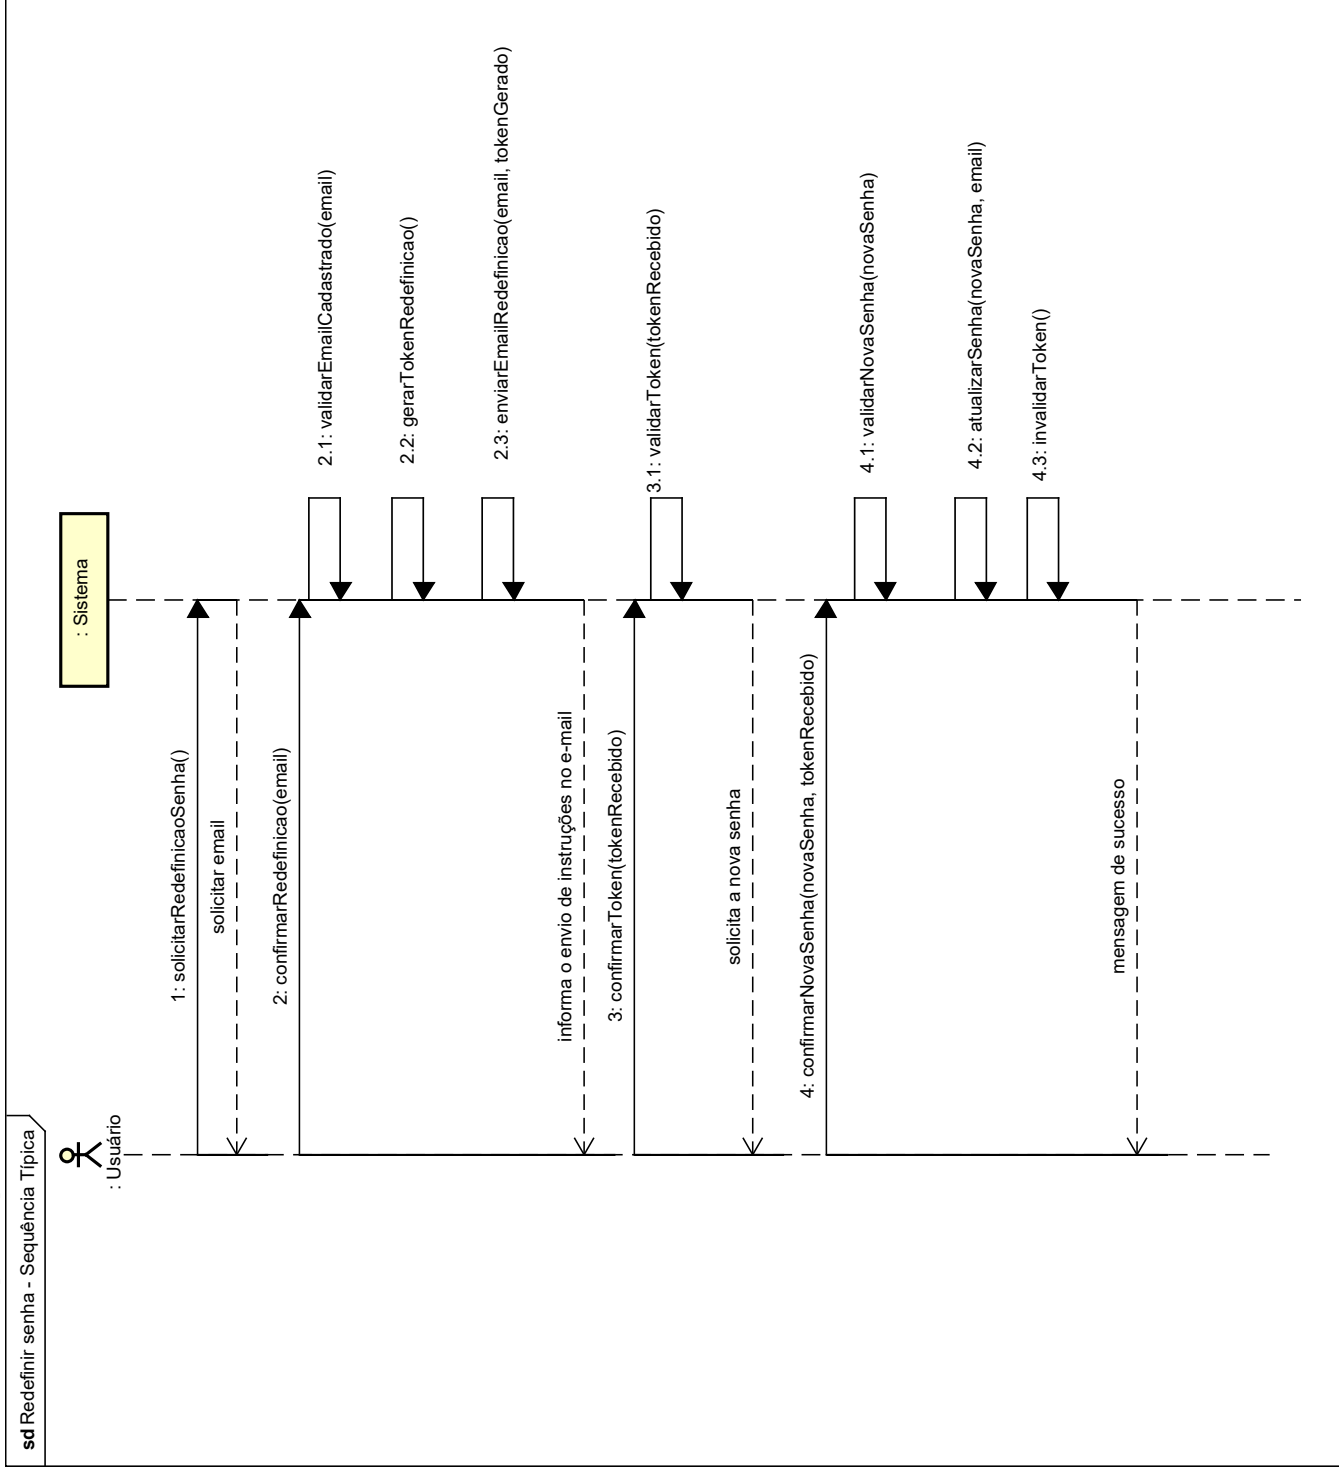

sd Realizar Logout

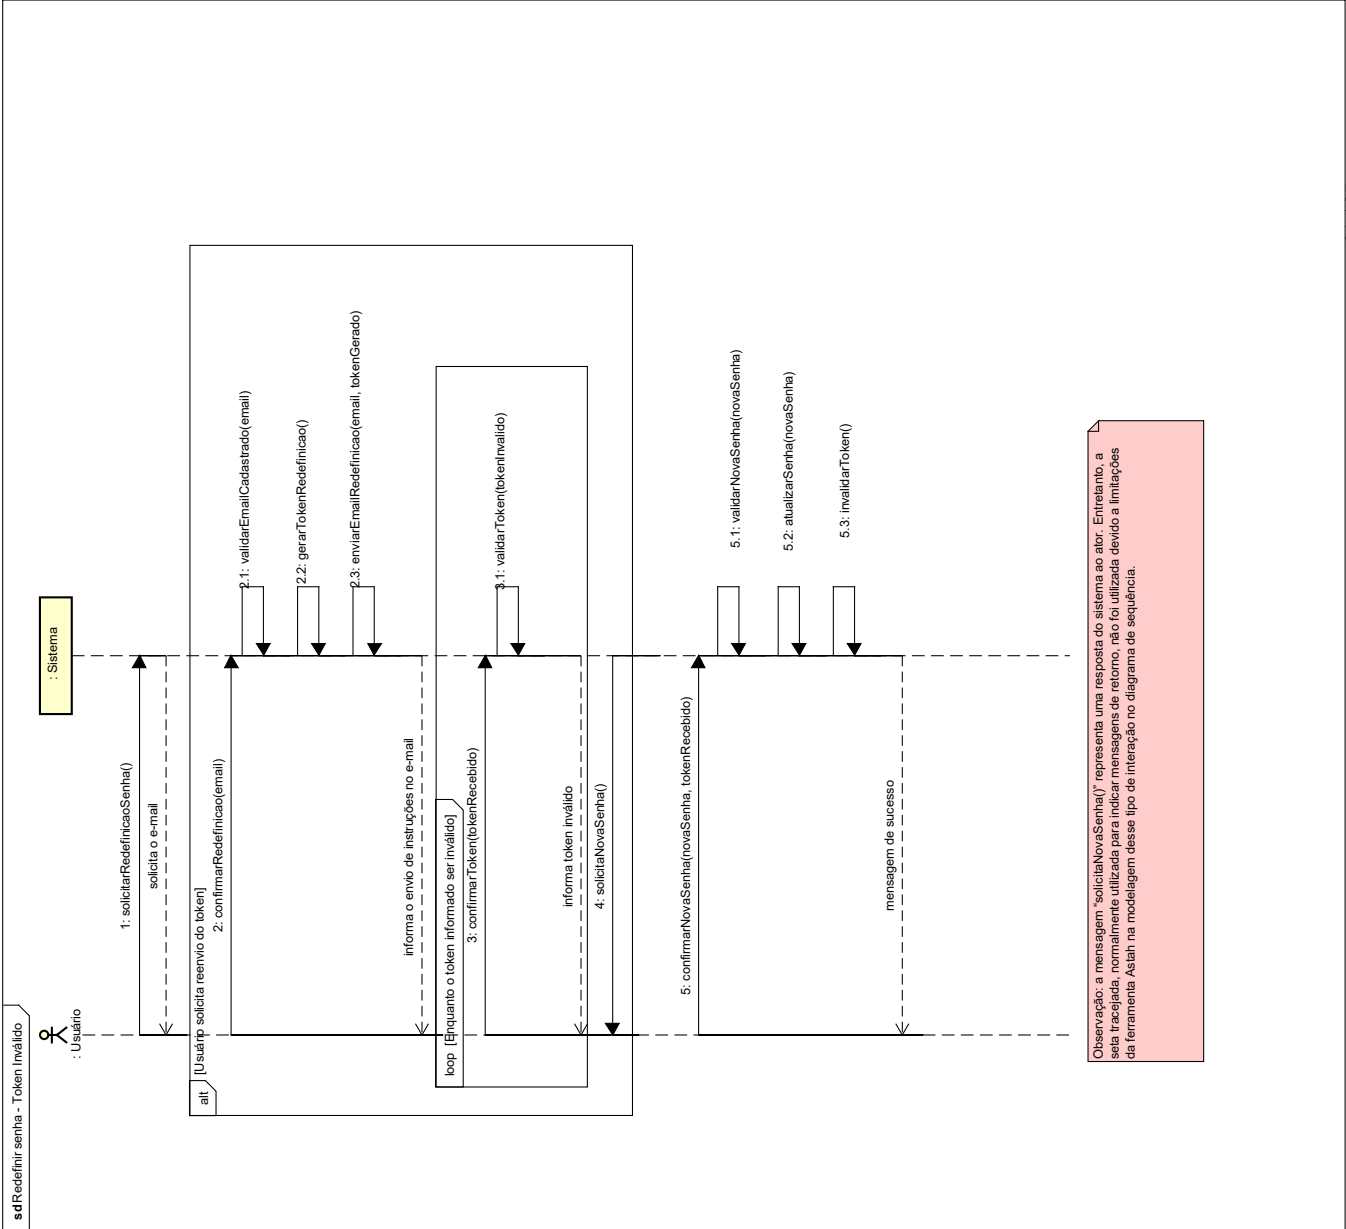

sd Redefinir senha - E-mail não cadastrado

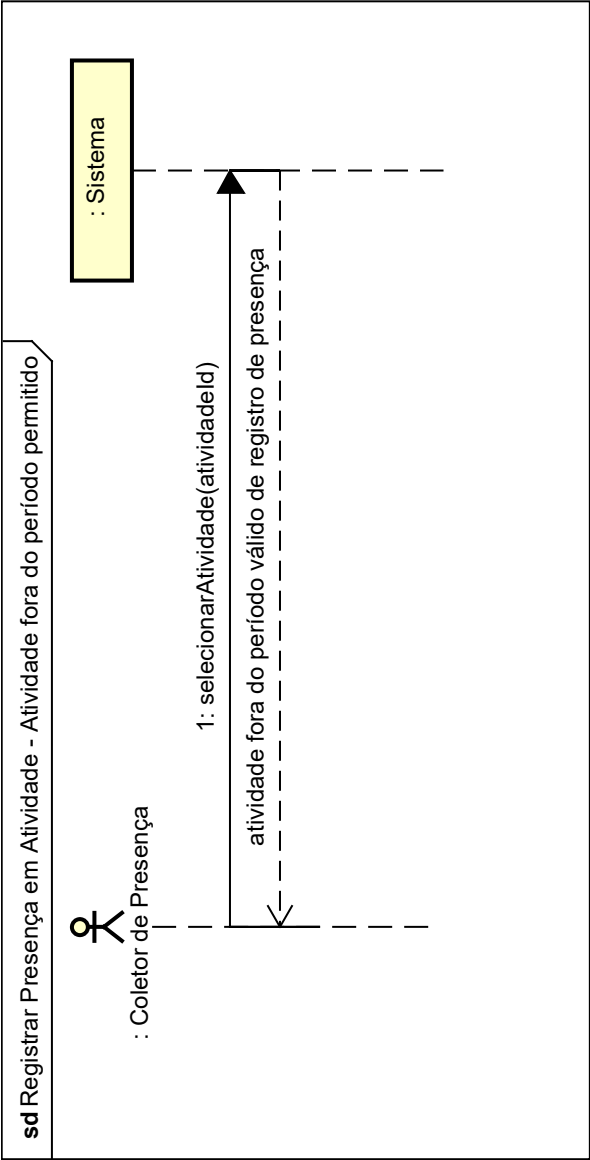

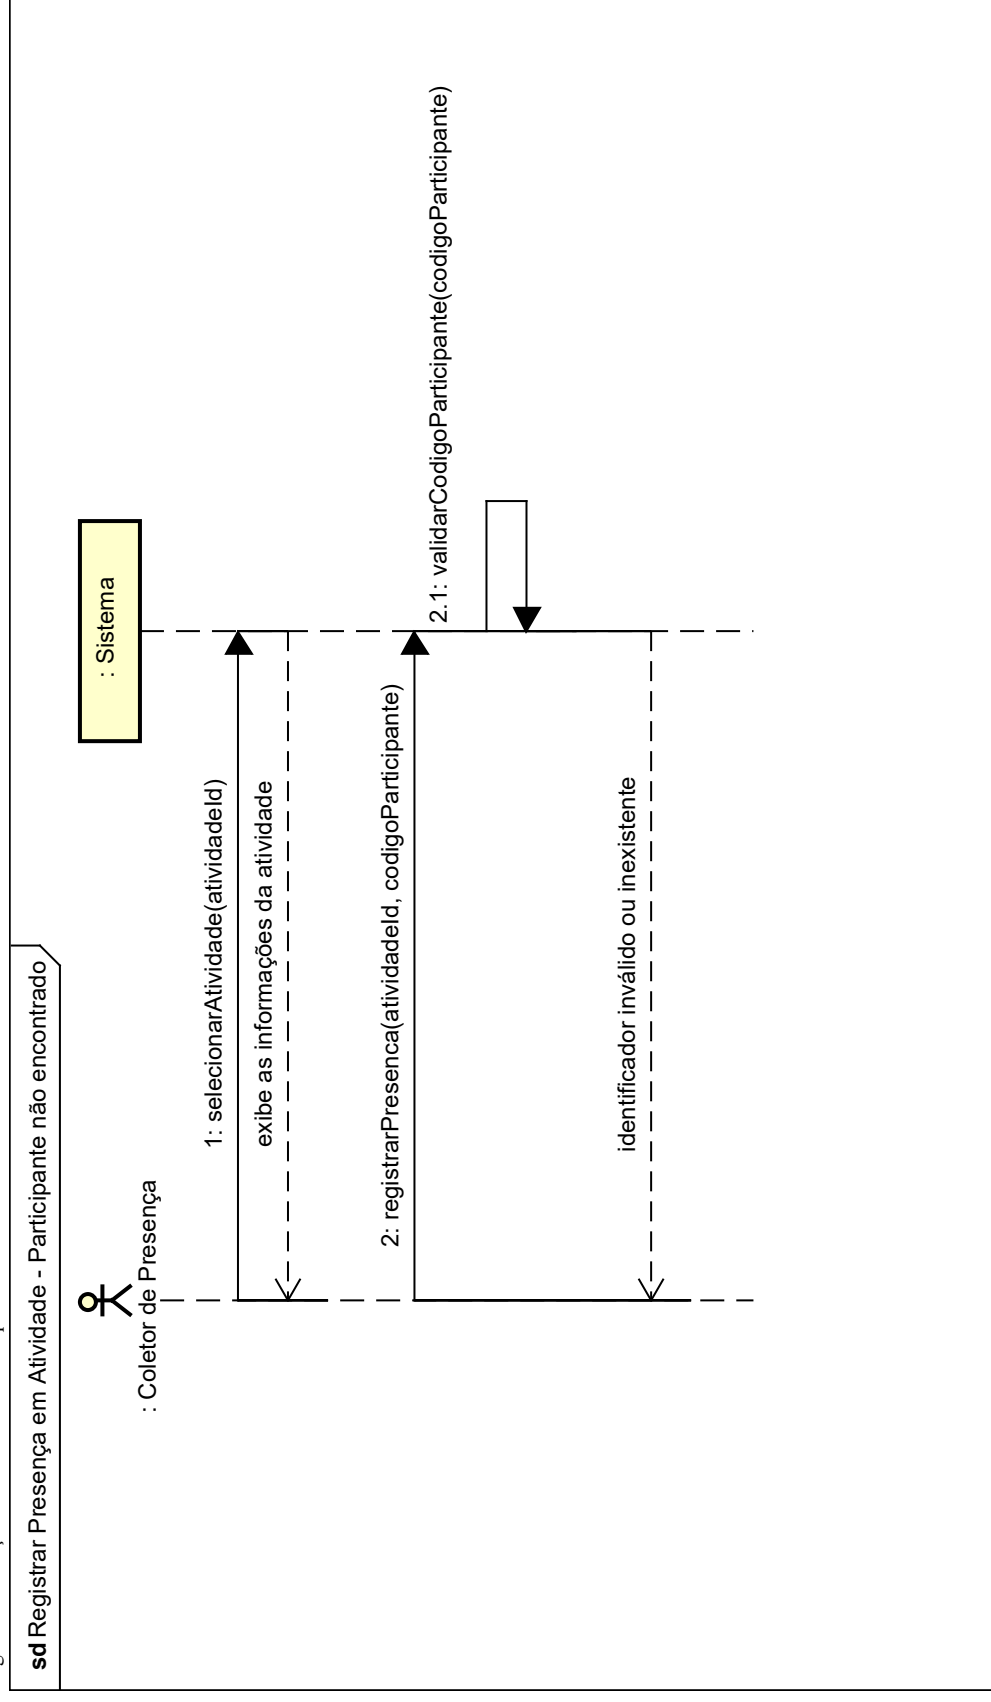

O "X" no diagrama representa a interrupção do fluxo da operação. Nesse caso, caso o e-mail informado não esteja cadastrado no sistema, o processo é encerrado naquele ponto, pois nenhum e-mail com o token de redefinição será enviado. Consequentemente, o usuário não conseguirá informar o token necessário para continuar a redefinição de senha.

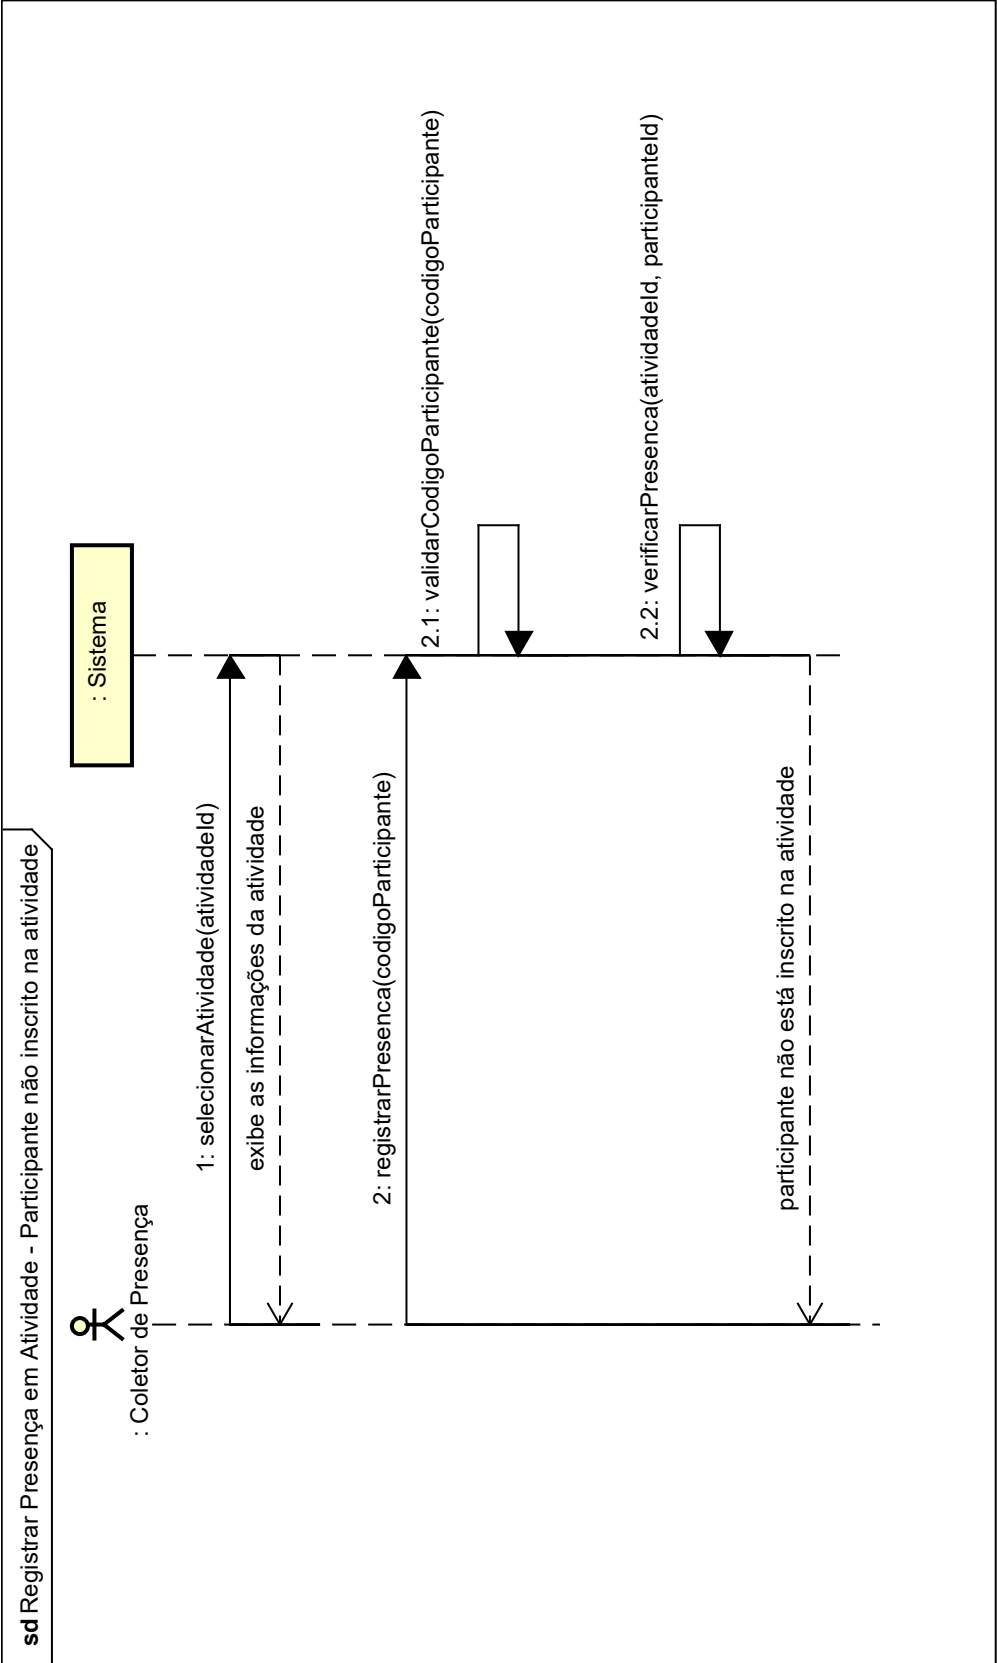

Redefinir senha - Token Inválido

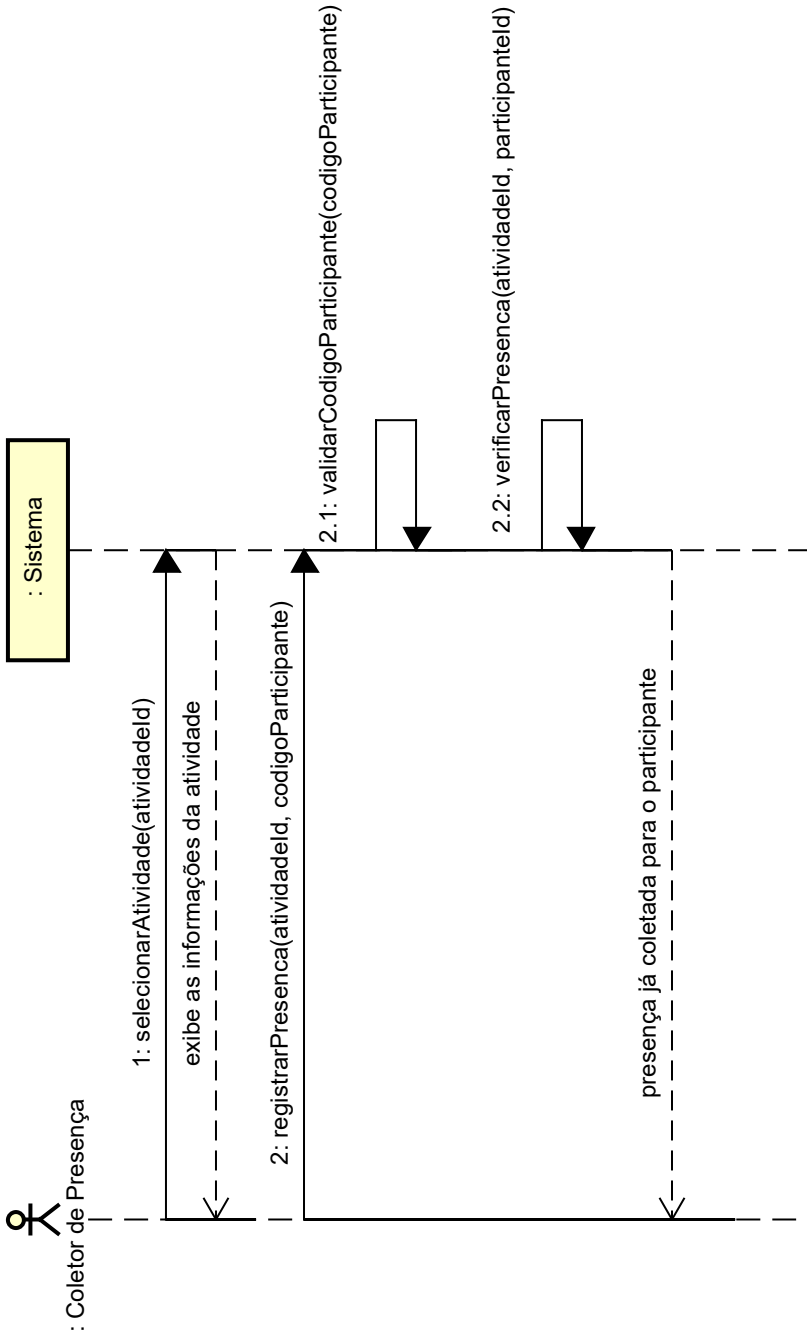

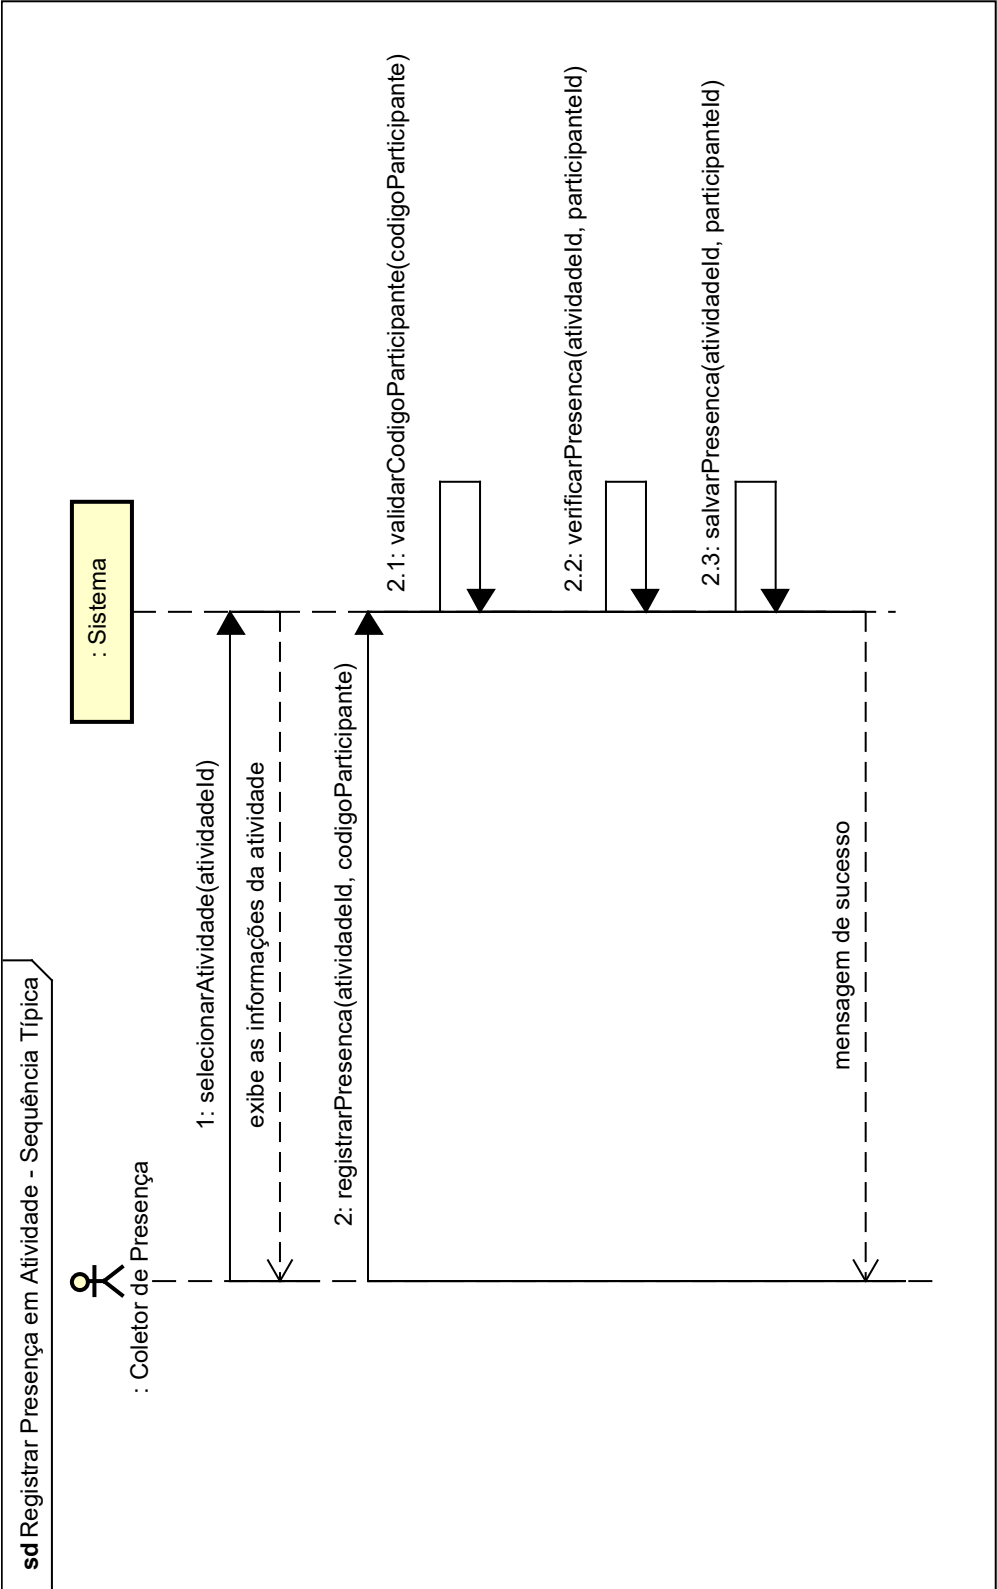

sd Registrar Presença em Atividade - Presença já registrada

sd Remover Papel de Coletor - Sequência Típica
